an education in facebook examines and critiques the role of facebook in the evolving landscape of higher education at times a mandated part of classroom use at others an informal network for students facebook has become an inevitable component of college life acting alternately as an advertising recruitment and learning tool but what happens when educators use a corporate

product which exists outside of the control of universities to educate students an education in facebook provides a broad discussion of the issues educators are already facing on college campuses worldwide particularly in areas such as privacy copyright and social media etiquette by examining current uses of facebook in university settings this book offers both a thorough analytical critique as well as practical advice for educators and administrators looking to find ways to thoughtfully integrate facebook and other digital communication tools into their classrooms and campuses

this book brings together five lectures given by eminent educationalists in memory of the work of lawrence stenhouse an influential figure in the field of education during the 1970s and early 1980s the lectures focus on different themes in his work reviewing them in the light of recent policy changes the lectures review issues to do with the school curriculum teaching and learning teacher education and teacher research a strong theme across the papers is the authors concern with the political context of educational change jean rudduck has also published innovation and change dimensions of discipline and developing a gender policy in secondary schools

this book addresses concerns about educational and moral standards in a world increasingly characterised by nihilism on the one hand there is widespread anxiety that standards are falling on the other new machinery of accountability and inspection to show that they are not the authors in this book state that we cannot avoid nihilism if we are simply laissez faire about values neither can we reduce them to standards of performance nor must we return to traditional values they state that we need to create a new set of values based on a critical assessment of contemporary practice in the light of a number of philosophical texts that address the question of nihilism including the work of nietzsche

this book brings together world leading researchers and scholars in the fields of inclusive education disability studies refugee education and special education to examine critical and original perspectives of the meaning and consequences of educational and social exclusion drawing together the contributors consider how children already vulnerable to exclusion might be supported and educated in and through times of global pandemic and crisis they also identify broad prospects for education and inclusion in through and beyond times of global pandemic and crisis
