jesus warned the world would hate christians if the world hates you know that it has hated me before it hated you john 15 18 as cultural hostility toward christianity intensifies many christians have grown more reluctant to advocate for biblical values in the public square but our perseverance for the common good a good defined by god alone is more important than ever in a culture that embraces darkness when culture hates you is a call for christians to unashamedly pursue righteousness in society out of our love for others in this timely resource author natasha crain will help you make sense of cultural hostility by better understanding the roots of secular outrage on issues like christian nationalism social justice abortion transgenderism and sexuality advocate for the godly functioning of society with greater biblical cultural and civic understanding take concrete action for the common good with more than 35 practical ideas to get you started as christians our calling is to speak truth in the face of hostility not because we want to war with culture but because we love both god and others

a title in the emerging issues in analytical chemistry series designer drugs chemistry analysis regulation toxicology epidemiology legislation of new psychoactive substances presents both an overview and a guide to techniques for designer drug analysis proliferation of the synthesis and use of designer

drugs is a serious public health problem with social economic and legal implications whether abuse is studied at the population level or the individual level researchers need both background and highly detailed technical information on specific drugs and drug classes in order to combat the proliferation and highly damaging consequences of these substances author roy gerona provides a comprehensive discussion that emphasizes the potential threat to society presents the ongoing challenges confronting the various laboratory approaches to detection and identification of new chemical entities and informs the development of improved analytical solutions for use in legislation law enforcement and treatment designer drugs chemistry analysis regulation toxicology epidemiology legislation of new psychoactive substances offers an introduction to the field and a source of information on specific drugs drug effects and analytical tools to a wide audience for anyone studying or engaging in designer drug analysis analytical and medical chemists pharmacologist toxicologists and students researchers and policy makers in the fields of drug abuse medicine public health and forensics will greatly benefit from this essential text summarizes available literature and evaluates the strengths and weaknesses of analytical methods for detecting and identifying designer drugs directs the reader to sources of further reading at the conclusion of each chapter emphasizes the potential threat to society presents ongoing challenges confronting various laboratory approaches to detection and identification of new chemical entities

this book engages with different aspects of india s practice of international law it covers a diverse range of areas such as human rights humanitarian law migration diplomacy extradition environment trade investment taxation cyberspace data protection maritime and intellectual property to showcase india s strong commitment to respect and observe international law the volume discusses various themes which include legal and constitutional framework air space and atomic energy environment sea and maritime law trade investment and taxation conflict of laws it and data protection human rights and humanitarian law issues of refugees and internally displaced persons extradition and diplomatic immunities intellectual property international obligations the essays in this book also establish the linkage between observance of international law and bilateral and multilateral relations between different countries comprehensive and analytical this book will be useful for scholars and researchers of law international law human rights and foreign policy it will also be an invaluable companion for professionals in law firms and think tanks bureaucrats and diplomats

while supplementary protection certificates spcs are governed by the same substantive rules in all member states of the european union and the european economic area eea they are national intellectual property rights the formal requirements and procedural practices of the national patent offices granting spcs still differ significantly and these divergences can have a substantial impact on the prosecution of spcs across europe this one of a kind handbook provides an in depth review of spc law in europe covering all substantive and procedural aspects of prosecution enforcement and invalidation as well as spc related aspects of unfair competition law following an overarching european chapter which addresses general considerations and the relevant european union law including the jurisprudence of the court of justice cjeu and the efta court this book contains detailed national chapters for all european states that provide spcs i e the twenty seven eu member states austria belgium bulgaria croatia cyprus the czech republic denmark estonia finland france germany greece hungary ireland italy latvia lithuania luxembourg malta the netherlands poland portugal romania slovakia slovenia spain and sweden the eea efta states norway and iceland as well as the united kingdom switzerland liechtenstein serbia bosnia and herzegovina albania and

north macedonia the contributors to this book all seasoned experts in the field of spcs in their respective jurisdictions provide clear and hands on guidance on the most pertinent spc related topics of practical and strategic relevance the considerably expanded second edition of this handbook offers a comprehensive analysis of european spc law and practice covering all european states with spc systems in detailed national chapters as such this book provides invaluable assistance to ip practitioners in devising successful pan european spc filing and litigation strategies its practice oriented approach in combination with a country by country format where all chapters follow the same structure makes it easy to compare the national practices and the respective national case law of the different european countries the present work fills a gap and provides for the first time an overview of the spc practice in the eu member states which despite the intended harmonization by the respective eu legislation is still decidedly inconsistent in some areas altogether this successful work with its streamlined structure and clear language that is immediately comprehensible even to non native speakers functions not only as a source of information for european attorneys authorities and courts it also conveys perhaps not at all intended by the authors the unique diversity of this european legal regime which for many exerts a special fascination the present practitioner s guide can be recommended without reservation and should not be missing in any specialist library jürgen schell judge at the german federal patent court on the first edition of this book

offering a more accessible alternative to casebooks and historical commentaries law among nations explains issues of international law by tracing the field s development and stressing key principles processes and landmark cases this comprehensive text eliminates the need for multiple books by combining discussions of theory and state practice with excerpts from landmark cases the book has been updated in light of the continuing revolution in communication technology the dense web of linkages between countries that involve individuals and bodies both formal and informal and important and controversial areas such as human rights the environment and issues associated with the use of force renowned for its rigorous approach and clear explanations law among nations remains the gold standard for undergraduate introductions to international law new to the twelfth edition added or expanded coverage of timely issues in international law drones and their use in the air and in space outer space cybercrime and responses the julian assange case environmental law expanded discussion of space law expanded discussion of conflict and non state actors final cases in the icty thoroughly rewritten chapters on areas of great change international criminal law just war and war crime law international economic law newly restored in response to reviews international environmental law new cases statutes and treaties on many subjects

detailing the contemporary obstacles and battles that marginalized groups must fight this handbook provides a comprehensive account that enables readers to understand the harmful nature of these issues and how they serve to place and keep marginalized groups at a disadvantage the routledge handbook on marginalized groups in the united states and their challenges covers the belief systems social and economic systems political institutions and public policies that aim to place and keep marginalized groups at a disadvantage describing the intractable nature of these barriers how inequality and inequity persist why changing the status quo is so difficult and why efforts to change the status quo seem not to bear results the chapters in this book assess the cultural controversies and provide case studies to highlight the argument that social and economic systems political institutions public policies and state governments sustain the status quo offering essential insights into the ways that racism and sexism have pernicious effects on people of color

women the lgbtqia community immigrants people with disabilities and the poor this volume is the most comprehensive book of its kind because of its wide ranging interdisciplinary approach featuring the leading voices and writers dealing with these very crucial matters this handbook will be a standard reference for students instructors and researchers across sociology political science cultural studies disability studies race and ethnicity studies and gender and sexuality studies
