this comprehensive backgammon book challenges the reader with 501 essential problems to transform him into a thinking aggressive pro level player strategies and situation cover every aspect of the game from playing positions to doubling maneuvers everything is carefully explained and illustrated so that the reader understands all the concepts

the game of backgammon has developed significantly over the last four to five years it is no coincidence that this development has happened in parallel with the arrival of sophisticated computers chris bray is the backgammon columnist for the independent newspaper in the uk in this anthology of his independent articles of the last four years the arrival and influence of the silicon players can be clearly traced the material covers not only the development of backgammon theory but also looks at the history of the game such as the advent of the doubling cube and some of the more colourful players who have played the game a menagerie of players such as barry bigplay nigel natural and quentin quickcube help to paint a graphic picture of life in the high stakes chouette the very lifeblood of backgammon chris s articles are targeted at a broad range of

players and everyone from the casual player to the expert will improve their game by studying the couple of hundred positions in this book

provides poker strategies for every phase of tournament play covering the early phase where the stakes are small to later tactics such as bluffing flops scare cards playing short-handed loose games and endgame play

players who want to win and win big book jacket

targeted for beginning and novice players this step by step approach uses more than a hundred actual chess diagrams to bring out the excitement of chess and show you an easy method of learning and playing you learn the basic principles of opening middle and end game strategies development and pawn structure different ways to checkmate opponents and the important openings and defenses you'll also learn how to join a chess club use a chess clock get rated enter tournaments and use notation to both record your own games and play back others two completely annotated games show you how strategic thinking is used in an actual game more than 100 000 books sold 168 pages

the first years of the poker boom were fueled by the interest in no limit hold em tournaments recently however players have been gravitating to another even more complex form of hold em no limit cash games in harrington on cash games volume i dan harrington teaches you the key concepts that drive deep stack cash game play you'll learn how to tailor your selection of starting hands to your stack size how to recognize the increasing deception value of supposedly weaker hands as the stack sizes increase and how to use the concept of pot commitment to your advantage as the size of the pot grows after laying out the general concepts behind deep stack cash game play harrington shows you a complete strategy for post flop play and then teaches you the difference between post flop play against a single opponent and post flop play against multiple opponents if you play no limit hold em cash games you need to read this book dan harrington won the gold bracelet and the world champion title at the 10 000 buy in no limit hold em championship at the 1995 world series of poker and he was the only player to make the final table in 2003 field of 839 and 2004 field of 2 576 considered by cognoscenti to be the greatest accomplishment in wsop history in harrington on cash games harrington and two time world backgammon champion bill robertie have written the definitive books on no limit cash games these books will teach you what you need to know to be a winner in the cash game world

the first years of the poker boom were fueled by the interest in no limit hold em tournaments recently however players have been gravitating to another even more complex form of hold em no limit cash games harrington on cash games volume ii continues where volume i left off in sections on turn and river play harrington explains why these are the most important streets in no limit hold em and shows how to decide when to bet or check when to call or fold and when to commit all your chips in later sections harrington shows how to play a looser and more aggressive style how to make the transition from online to live games and how to extract the maximum profit from very low stakes games volume ii concludes with an interview with bobby hoff considered by many the best no limit cash game player of all times who shares some of his secrets and insight dan harrington won the gold bracelet and the world champion title at the 10 000 buy in no limit holdem championship at the 1995 world series of poker and he was the only player to make the final table in 2003 field of 839 and 2004 field of 2 576 considered by cognoscenti to be the greatest accomplishment in wsop history in harrington on cash games harrington and two time world backgammon champion bill robertie have written the definitive books on no limit cash games these poker books will teach you what you need to know to be a winner in the cash game world

over the last ten years the enormous growth of interest in poker and poker tournaments has led to an intense focus on the theory of tournament poker the result was a re examination of old ideas and the introduction of many new ones the fundamentals of no limit hold em did not change but the game was revealed to have more depth than many older players could have anticipated as a result no limit hold em tournament play has evolved into a newer tougher faster game and good players have had to evolve to keep up in harrington on modern tournament poker dan harrington takes a fresh look at the world of no limit hold em tournaments he explains how the game is currently played and what you ll have to do to be a successful tournament player in 2013 and beyond the topics examined include how to play different hand types preflop when to 3 bet and 4 bet how to analyze the flop turn and river and how to size your bets dan also explains how to adjust your strategy as your stack size grows and shrinks and how to handle the new breed of super aggressive players that you ll meet at the table and if you want how to play that way yourself dan harrington won the gold bracelet and the world champion title at the main event of the 1995 world series of poker and he was the only player in recent history to make the final table in back to back years 2003 and 2004 considered by cognoscenti to be the greatest accomplishment in wsop history

no limit hold em was once a game played almost exclusively in casinos but during the last decade the game s growth has been fueled in part by the easy availability of online playing sites where participants can play cash games and tournaments 24 hours a day every day in harrington on online cash games dan harrington shows you the key ideas and skills that will let you master the online poker world which differs in some significant ways from the world of casino games you ll learn how to handle different stack sizes how to play at 6 max tables how to deal with increased levels of aggression and how to use the poker databases and heads up displays that give you unprecedented information on your opponent s tendencies harrington lays out detailed strategies for preflop and post flop play in both the popular micro stakes games and the more difficult small stakes games if you play online poker or you re looking to get started you ll need to read this book book jacket
