who is peter singer what does he say about issues like abortion infanticide euthanasia and animal rights what does he say about christianity what exactly is his philosophy peter singer is probably the world's most famous or infamous contemporary philosopher says gordon preece recently appointed as professor of bioethics at princeton university's center for human values singer is best known for his book on animal rights animal liberation and for his philosophical text practical ethics but underneath his seemingly benign agenda lies perhaps the most radical challenge to christian ethics proposed in recent times in rethinking peter singer four of singer's contemporaries fellow australian scholars gordon preece graham cole lindsay wilson and andrew sloane grapple with singer's views respectfully but incisively from a straightforwardly christian perspective they critique singer's thought in four major areas abortion and infanticide euthanasia animal rights and christianity rethinking peter singer is not only for those who want to understand singer's views but also for all who want to challenge the thinking that more and more informs our society's stance on moral issues

in a world reeling from a global pandemic never has a treatise on veganism from our foremost philosopher on animal rights been more relevant or necessary peter singer may be the most controversial philosopher alive he is certainly among the most influential the new yorker even before the publication of his seminal animal liberation in 1975 peter singer one of the greatest moral philosophers of our time unflinchingly challenged the ethics of eating animals now in why vegan singer brings together the most consequential essays of his career to make this devastating case against our failure to confront what we are doing to animals to public health and to our planet from his 1973 manifesto for animal liberation to his personal account of becoming a vegetarian in the oxford vegetarians and to investigating the impact of meat on global warming singer traces the historical arc of the animal rights vegetarian and vegan movements from their embryonic days to today when climate change and global pandemics threaten the very existence of humans and animals alike in his introduction and in the two dark sides of covid

19 cowritten with paola cavalieri singer excoriates the appalling health hazards of chinese wet markets where thousands of animals endure almost endless brutality and suffering but also reminds westerners that they cannot blame china alone without also acknowledging the perils of our own factory farms where unimaginably overcrowded sheds create the ideal environment for viruses to mutate and multiply spanning more than five decades of writing on the systemic mistreatment of animals why vegan features a topical new introduction along with nine other essays including an ethical way of treating chickens which opens our eyes to the lives of the birds who end up on so many plates and to the lives of their parents if fish could scream an essay exposing the utter indifference of commercial fishing practices to the experiences of the sentient beings they scoop from the oceans in such unimaginably vast numbers the case for going vegan in which singer assembles his most powerful case for boycotting the animal production industry and most recently in the introduction to this book and in the two dark sides of covid 19 singer points to a new reason for avoiding meat the role eating animals has played and will play in pandemics past present and future written in singer s pellucid prose why vegan asserts that human tyranny over animals is a wrong comparable to racism and sexism the book ultimately becomes an urgent call to reframe our lives in order to redeem ourselves and alter the calamitous trajectory of our imperiled planet

peter singer is one of the most influential philosophers in contemporary ethics known for his contributions to utilitarianism animal rights global poverty bioethics and environmental ethics his ethical philosophy is grounded in the principle of utilitarianism which holds that the right course of action is the one that produces the greatest overall happiness or well being singer s work is characterized by a practical results oriented approach focusing on how ethical principles can be applied to real world issues to alleviate suffering and promote well being his influential works such as animal liberation and the life you can save challenge readers to consider the moral implications of their actions in a variety of contexts from how they treat animals to how they engage with global poverty at the core of singer s ethical framework is the idea that all sentient beings regardless of their species deserve equal consideration this principle of equal consideration of interests leads to his advocacy for the rights of animals arguing that their capacity to suffer should give them moral consideration equal to that of humans singer s call for animal liberation challenges the traditional view of animals as resources for human consumption and urges society to rethink its treatment of non human creatures in addition to his work in animal ethics singer has profoundly impacted discussions on global poverty and humanitarian aid through his concept of effective altruism he argues that

individuals in affluent societies have a moral obligation to help those in extreme poverty using the famous drowning child analogy singer demonstrates that if we are morally obligated to save a child from drowning in a shallow pond we should equally be compelled to help those suffering from poverty and preventable diseases no matter the physical distance

alasdair cochrane introduces an entirely new theory of animal rights grounded in their interests as sentient beings he then applies this theory to different and underexplored policy areas such as genetic engineering pet keeping indigenous hunting and religious slaughter in contrast to other proponents of animal rights cochrane claims that because most sentient animals are not autonomous agents they have no intrinsic interest in liberty as such he argues that our obligations to animals lie in ending practices that cause their suffering and death and do not require the liberation of animals cochrane's interest based rights approach weighs the interests of animals to determine which is sufficient to impose strict duties on humans in so doing cochrane acknowledges that sentient animals have a clear and discernable right not to be made to suffer and not to be killed but he argues that they do not have a prima facie right to liberty because most animals possess no interest in leading freely chosen lives humans have no moral obligation to liberate them moving beyond theory to the practical aspects of applied ethics this pragmatic volume provides much needed perspective on the realities and responsibilities of the human animal relationship

this book offers the first transnational historical study of the creation contention and consequences of the Australian animal movement largely inspired by Peter Singer and his 1975 book *Animal Liberation* a new wave of animal activism emerged in Australia and across the world in an effort to draw public and media attention to the plight of animals such as the rearing of pigs and poultry in factory farms and the export of live animals to the Middle East and South East Asia Australian activists were often innovative and provocative in how they made their claims through lobbying disruptive methods and vegan activism the animal movement consistently contested the politics and culture of how animals were used and exploited Australians not only observed and learnt from people and events overseas but also played significant international roles this book examines the complex and conflicting consequences of the animal movement for Australian politics as well as its influence on broader social change

critical theory and animal liberation is the first collection to approach our

relationship with other animals from the critical or left tradition in political and social thought breaking with past treatments that have framed the problem as one of animal rights the authors instead depict the exploitation and killing of other animals as a political question of the first order the contributions highlight connections between our everyday treatment of animals and other forms of social power mass violence and domination from capitalism and patriarchy to genocide fascism and ecocide contributors include well known writers in the field as well as scholars in other areas writing on animals for the first time among other things the authors apply freud s theory of repression to our relationship to the animal debunk the locavore movement expose the sexism of the animal defense movement and point the way toward a new transformative politics that would encompass the human and animal alike
