new york times number one bestselling author debbie ford presents revolutionary questions that when answered with complete honesty change the way we see ourselves and make decisions ultimately moving us toward the life we desire the realities of the life we live today are a result of the choices we made yesterday three months ago and three years ago but we don't wind up 50 000

dollars in debt because of one extravagant purchase nor do we put on 30 unwanted pounds as a result of a couple of decadent meals and our relationships certainly don't fall apart overnight because of one decision we are where we are because of repeated unconscious choices made day after day if we want to understand why and how we created our present day reality all we need to do is look at the choices we made in the past ford cuts right through our denial with the 10 questions that immediately reveal the true motivations behind our thoughts and actions but more than that by rigorously and honestly asking and answering these 10 vital questions we regain control and have the power necessary to create the life we always wanted

an ecpa 2003 gold medallion finalist phillip e johnson pries the lid off public debate about questions of ultimate concern questions often suppressed by our society's intellectual elite moving far beyond matters of creation and evolution johnson outlines the questions we all ought to be asking about the meaning of human history the limits of scientific inquiry religion and education in a pluralistic society truth liberty and moral choices and god and his word jesus christ johnson deftly demonstrates how the reigning naturalistic philosophy not only squelches public debate but also constrains us to ask the wrong questions unless we start with the right questions johnson argues our discussions will be framed by the assumptions of that very philosophy which must be challenged johnson asserts that even the christian church has much too often passively accepted this limiting frame of mind to the detriment of all but christian faith and conviction instead ought to lead in opening up the search for truth and meaning through the kind of public education that teaches in controversy then all of us will be prepared to engage in lively informed and civil debate about the questions that really matter why is it always wrong to mix science and religion what is the ultimate premise the beginning point from which logic should proceed how can a college education prepare students to understand the ultimate purpose or meaning for which life should be lived and to choose rightly from among the available possibilities what is the appropriate understanding of religion in a pluralistic nation where substantial numbers of christians agnostics jews and muslims all need to live together in peace how can democratic liberalism remain viable when severed from its christian roots what is the most important event in human history provocative personal persuasive and prophetic johnson is certain to help us break free from our intellectual and spiritual captivity
