in this completely revised and updated edition of america and the americas lester d langley covers the long period from the colonial era into the twenty first century providing an interpretive introduction to the history of u s relations with latin america the caribbean and canada langley draws on the other books in the series to provide a more richly detailed and informed account of the role and place of the united states in the hemisphere in the process he explains how the united states in appropriating the values and symbolism identified with america has attained a special place in the minds and estimation of other hemispheric peoples discussing the formal structures and diplomatic postures underlying u s policy making langley examines the political economic and cultural currents that often have frustrated inter american progress and accord most important the greater attention given to u s relations with canada in this edition provides a broader and deeper understanding of the often controversial role of the nation in the hemisphere and particularly in north america commencing with the french british struggle for supremacy in north america in the french and indian war langley frames the story of the american experience in the western hemisphere through four distinct eras in the first era from the 1760s to the 1860s the fundamental character of u s policy in the hemisphere and american values about other nations and peoples of the americas took form in the second era from the 1870s to the 1930s the united states fashioned a continental and then a caribbean empire from the mid 1930s to the early 1960s the paramount issues of the inter american experience related to the global crisis in the final part of the book langley details the efforts of the united states to carry out its political and economic agenda in the hemisphere from the early 1960s to the onset of the twenty first century only to be frustrated by governments determined to follow an independent course over more than 250 years of encounter however the peoples of the americas have created human bonds and cultural exchanges that stand in sharp contrast to the formal and often conflictive hemisphere crafted by governments

a smithsonian magazine best history book of 2018 the unknown history of two ideas crucial to the struggle over what america stands

for in behold america sarah churchwell offers a surprising account of twentieth century americans fierce battle for the nation s soul it follows the stories of two phrases the american dream and america first that once embodied opposing visions for america starting as a republican motto before becoming a hugely influential isolationist slogan during world war i america first was always closely linked with authoritarianism and white supremacy the american dream meanwhile initially represented a broad vision of democratic and economic equality churchwell traces these notions through the 1920s boom the depression and the rise of fascism at home and abroad laying bare the persistent appeal of demagoguery in america and showing us how it was resisted at a time when many ask what america s future holds behold america is a revelatory unvarnished portrait of where we have been

although the twenty first century may well be the age of globalization this book demonstrates that america has actually been at the cutting edge of globalization since columbus landed here five centuries ago lawrence a peskin and edmund f wehrle explore america s evolving connections with europe africa and asia in the three areas that historically have been indicators of global interaction trade and industry diplomacy and war and the soft power of ideas and culture framed in four chronological eras that mark phases in the long history of globalization this book considers the impact of international events and trends on the american story as well as the influence america has exerted on world developments peskin and wehrle discuss how the nature of this influence whether economic cultural or military fluctuated in each period they demonstrate how technology and disease enabled europeans to subjugate the new world how colonial american products transformed europe and africa and how post revolutionary american ideas helped foment revolutions in europe and elsewhere next the authors explore the american rise to global economic and military superpower and how the accumulated might of the united states alienated many people around the world and bred dissent at home during the civil rights movement america borrowed much from the world as it sought to address the crippling social questions of the day at the same time that americans especially african americans offered a global model for change as the country strove to address social racial and gender inequality lively and accessible america and the world draws on the most recent scholarship to provide a historical introduction to one of today s vital and misunderstood issues

a detailed exploration of american society and culture in the early 20th century covering everything from politics and economics to everyday life and popular entertainment offers insight into the ideals and values that have shaped the american identity as well as the challenges and contradictions that have often threatened to undermine it this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

a one of a kind anthology of primary texts in american foreign relations how should america wield its enormous power beyond its borders should it adhere to grand principles or act on narrow self interest should it partner with other nations or avoid entangling alliances americans have been grappling with questions like these throughout the nation s history and especially since the emergence of the united states as a major world power in the late nineteenth century america in the world illuminates this history by capturing the diverse voices and viewpoints of some of the most colorful and eloquent people who participated in these momentous debates spanning the era from the gilded age to the obama years this unique reader collects more than two hundred documents everything from presidential addresses and diplomatic cables to political cartoons and song lyrics it encompasses various phases of american diplomatic history that are typically treated separately such as the first world war the cold war and 9 11 the book presents the perspectives of elite policymakers presidents secretaries of state generals and diplomats alongside those of other kinds of americans such as newspaper columnists clergymen songwriters poets and novelists it also features numerous documents from other countries illustrating how foreigners viewed america s role in the world ideal for classroom use america in the world sheds light on the complex

interplay of political economic ideological and cultural factors underlying the exercise of american power on the global stage includes more than two hundred documents from the late nineteenth century to today looks at everything from presidential addresses to political cartoons and song lyrics presents diverse perspectives from elite policymakers to clergymen and novelists features documents from outside the united states illustrating how people in other countries viewed america's role in the world

respected by scholars for its currency clarity authority and rich visual and map program latin america and the caribbean lands and peoples elucidates the commonalities in this highly diverse rapidly changing region making it more comprehensive than ever for students and instructors dr ben tillman of texas christian university joins as a co author for the sixth edition which has been meticulously updated to take in to account recent changes in the region and to emphasize environmental concerns more strongly

with wit brilliance and deep affection the inimitable widmer has written a history of america in the world unlike any other ranging from the late 17th century to the present widmer traces america's wondrous history as well as our less glorious past

the strength and prestige of democracy worldwide at the end of the twentieth century are due in good measure to the impact of america on international affairs argues tony smith here for the first time is a book that documents the extraordinary history of american foreign policy with respect to the promotion of democracy worldwide an effort whose greatest triumph came in the occupations of japan and germany but whose setbacks include interventions in latin america and vietnam as americans ponder the challenges of world affairs at the end of the cold war smith suggests that they think back to other times when washington's decisions were critical not only to the end of the world wars in 1918 and 1945 but to the end of the spanish american war in 1898 and the civil war in 1865 as well they will find that in the aftermath of victory washington determined to win the peace by promoting a concept of national security calling ultimately for democratic government in europe latin america and the far east so the congress set out to reconstruct the south in 1867 america aimed to democratize the philippines in 1898 wilson sought to make the world safe for democracy first in latin america and then after 1918 in central and eastern europe fdr and truman dictated the democratization of japan and germany and called for democracy in eastern europe after 1945 kennedy promoted the alliance for progress in latin america carter launched his human rights campaign reagan the most wilsonian of wilson's successors heralded an international democratic revolution bush called for a new world order and clinton declared that our overriding purpose must be to expand and strengthen the world's community of market based democracies through a study of selected countries most notably germany japan the philippines the dominican republic iran and nicaragua but also mexico chile guatemala czechoslovakia poland greece south africa and russia smith reviews the american record both in local terms and with respect to its impact on world politics smith's story is at once that of the central thrust of american foreign policy in the twentieth century and that of the central international political struggle of the period among nationalists wedded to rival ideologies of fascism communism and democracy each striving to dominate world affairs now that this struggle appears to be over the question is whether democracy can consolidate its position as the sole legitimate form of government worldwide so creating a common form of government to express the nationalist sentiments that continue to be the hallmark of this century

a brilliant and visionary argument for america's role as an enforcer of peace and order throughout the world and what is likely to happen if we withdraw and focus our attention inward recent years have brought deeply disturbing developments around the globe american sentiment seems to be leaning increasingly toward withdrawal in the face of such disarray in this powerful urgent essay robert kagan elucidates the reasons why american withdrawal would be the worst possible response based as it is on a fundamental and dangerous misreading of the world like a jungle that keeps growing back after being cut down the world has always been full of dangerous actors who left unchecked possess the desire and ability to make things worse kagan makes clear how the realist impulse to recognize our limitations and focus on our failures misunderstands the essential role america has played for decades in keeping the world's worst instability in check a true realism he argues is based on the understanding that the historical norm has always been toward chaos that the jungle will grow back if we let it

d souza explains what is so great about america and why that greatness inspires critics and terrorism alike what s so great about america defends not only the idea of america but also america as it is with all its follies ugliness and flaws

this report provides an overview of foreign direct investments fdi flows to and from latin america and the caribbean in 2007 it also examines the recent activities of transnationals in the region and of trans latins outside their home countries it further explores three topics investment in hardware for information and communications technologies ict investment in telecommunications services and canadian investment in latin america and the caribbean

an npr best book of the year a comprehensive sweeping history of america s rise to global superpower from the spanish american war to world war ii by the acclaimed author of dangerous nation with extraordinary range and research robert kagan has illuminated america s quest to reconcile its new power with its historical purpose in world order in the early twentieth century dr henry kissinger at the dawn of the twentieth century the united states was one of the world s richest most populous most technologically advanced nations it was also a nation divided along numerous fault lines with conflicting aspirations and concerns pulling it in different directions and it was a nation unsure about the role it wanted to play in the world if any americans were the beneficiaries of a global order they had no responsibility for maintaining many preferred to avoid being drawn into what seemed an ever more competitive conflictual and militarized international environment however many also were eager to see the united states taking a share of international responsibility working with others to preserve peace and advance civilization the story of american foreign policy in the first four decades of the twentieth century is about the effort to do both to adjust the nation to its new position without sacrificing the principles developed in the past as one contemporary put it this would prove a difficult task the collapse of british naval power combined with the rise of germany and japan suddenly placed the united states in a pivotal position american military power helped defeat germany in the first world war and the peace that followed was significantly shaped by a u s president but americans recoiled from their deep involvement in world affairs and for the next two decades they sat by as fascism and tyranny spread unchecked ultimately causing the liberal world order to fall apart america s resulting intervention in the second world war marked the beginning of a new era for the united states and for the world brilliant and insightful the ghost at the feast shows both the perils of american withdrawal from the world and the price of international responsibility
