with an appendix containing a full analysis of the debts of the united states the several states municipalities etc also statements of street railway and traction companies industrial corporations etc statement omitted on later vols

drawing on three fields of economics international labour and development this study shows that expansion of north south trade in manufactures has had a far greater impact on labour markets than earlier work suggested in the south unskilled workers have benefited most from this trade but in the north the gains have been concentrated on skilled labour while unskilled workers have suffered falling wages and rising unemployment this decline in the economic position of unskilled workers has increased inequality and aggravated crime and other forms of social erosion on both sides of the atlantic the failure of northern governments to recognize that trade with the south has these adverse side effects and to take appropriate counter measures has fuelled the rise of protectionism the worst possible response which slows economic progress in both regions the best solution for the longer term in the north is more investment in education to raise the supply of skilled labour however the benefits of this investment will emerge slowly during the next one or two decades professor wood argues other measures are also urgently needed to boost the demand for and incomes of unskilled workers

learning the details of others sex lives is the most enticing of guilty pleasures we measure our own practices against the normalcy that sex surveys seek to capture special interest groups use or attack survey findings such as the claim that 10 of americans are gay for their own ends indeed we all have some stake in these surveys be it self justification recrimination or curiosity and this testifies to their significance in our culture kiss and tell chronicles the history of sex surveys in the united states over a century of changing social and sexual mores julia ericksen and sally steffen reveal that the survey questions asked more than the answers elicited expose and shape the popular image of appropriate sexuality we can learn as much about the history and practice of sexuality by looking at surveyors changing concerns as we can by reading the results of their surveys the authors show how surveys have reflected societal anxieties about adolescent development teen sex and promiscuity and aids and have been employed in efforts to preserve marriage and to control women s sexuality kiss and tell is an

important examination of the role of social science in shaping american sexual patterns revealing how surveys of sexual behavior help create the issues they purport merely to describe it reminds us how malleable and imperfect our knowledge of sexual behavior is
