prior to the summer of 2011 john had no particular interest in dogs or dog training but after a dog responded to a friendly wave with a bite to his calf john s curiosity was piqued why did the dog respond that way was there anything he could have done differently then like kismet came a wonderful opportunity for an education in dog behavior in the form of a beautiful long coat german shepherd named abby through abby came schooling in how dogs minds work what training techniques are effective and maybe more importantly what doesn t work when training dogs abby is my dog trainer brings these lessons to you drawing on john s time with abby his background in psychology and social work and knowledge gained by reading over 100 books on dog training rather than focusing on specific training techniques this book discusses practical examples of training told in stories of john s time with abby as well as funny and touching tales any pet owner can relate to an understanding of dog behavior learning theory and psychological theory underlying training techniques the power of positive non punitive dog training and more join john as he learns from abby about the world of dog training as well as an even more important lesson how special the bond with a dog can be and how the right approach to training can strengthen that bond

this book presents a new and innovative concept in dealing with dogs the human canine synergy hcs characterized by a holistic nature and its differentiation from unidimensional terms expressing the affiliation of humans and dogs relationship interaction bonding related to the use and training by humans it applies three main categories of dogs a the empathy therapeutic individuals which are dogs helping persons with empathy or therapeutic needs b assisting working dogs carrying out specific actions to aid or assist humans perform specific tasks and c the facilitating inspiring dogs which enable or improve various human activities including classroom dogs for teaching and learning purposes in almost all educational subjects organized in three parts chapters address the following needs the first section illuminates the concept of hcs as well as basic principles determining this synergy and consequently the process of training dogs owners and professional trainers readers will understand the role of a dog s personality behavior and especially temperament in its successful training in a scientifically documented way the second part guides those who wish to engage in dog training amateur or

professional it describes basic training forms within the hcs framework obedience protection detection and classroom dog and necessary steps for proper completion the third book part describes the business of dog training with multi dimensional approach by emphasizing a good understanding and knowledge of interactions and the environment in which trainer owner and dog typically operate overall this work is a valuable read for anyone who deals with our four legged companions for business or pleasure

please note that dogwise does not endorse all of the training methods used in this book it is a historical document and an early example of modern dog training today s dog trainer can trace the roots of modern training to training dogs by colonel konrad most written in germany in 1910 training dogs influenced how both dogs and trainers were taught in europe and the united states for the next 50 years it contains valuable and historically significant information a true classic 21st century trainers and behaviorists will find it amazing to realize that early in the 20th century konrad most was using and applying behavioral training principles with dogs long before b f skinner most also created systematic and scientific methods to teach trainers how to train dogs with his theory of training while most s methods may be viewed as harsh by modern dog trainers the theory behind it was revolutionary for it s time and it is still applied today discover the roots of behavioral trainingseeing the world from a dog s point of view utilizing instinctual behavior in training such as the prey drive use of compulsion and inducements use of primary and secondary reinforcers learn how most taughtobedience exercises including the recall jumping and retrieving guard and schutzhund training reconnaissance and tracking scent theory water work for hunting dogs dogs for the blind here is what today s dog trainers say about training dogsmost demonstrated an understanding of operant conditioning concepts such as primary and secondary reinforcement shaping fading and chaining 28 years before the publication of b f skinner s the behavior of organisms he differentiated between primary and secondary reinforcers he used his voice and soft tones as secondary inducements much the way some trainers use clicks today mary burch jon s bailey authors of how dogs learnalthough some of most s methods seem archaic and harsh in this enlightened age of positive training some of the theory he set forth was years ahead of its time knowing where training came from helps us appreciate where we are today sheila booth author of purely positive training and co author of schutzhund obedience training in drivekonrad most was a police dog war dog and seeing eye dog trainer in germany for

the first half of the 20th century he trained dogs in world wars i and ii and created curricula for trainers he was a researcher in the field of canine psychology and trained dogs for virtually every use during his long career

natural dog training is about how dogs see the world and what this means in regards to training the first part of this book presents a new theory for the social behavior of canines featuring the drive to hunt not the pack instincts as seminal to canine behavior the second part reinterprets how dogs actually learn the third section presents exercises and handling techniques to put this theory into practice with a puppy the final section sets forth a training program with a special emphasis on coming when called

twenty five years of study and experience went into the making of this one of a kind reference veterinarians animal scientists dog owners trainers consultants and counsellors will find this book a benchmark reference and handbook concerning positive humane management and control of dogs reflecting the author s extensive work with dogs this book promises thorough explanations of topics and proven behavioural strategies that have been designed tested and used by the author more than 50 figures and tables illustrate this unique and significant contribution to dog behaviour training and learning

first attempt at a modern dog training theory

the book you ve been waiting for from well known trainer and international workshop presenter terry ryan we are pleased to announce that terry ryan s classic coaching people to train their dogs is available again terry ryan has been a mentor maybe guru is a better word for a whole generation of modern dog trainers who have benefited from her books lectures and seminars on dog training and class instruction this 400 page trainer s manual includes just about anything today s modern professional dog trainer needs to know training methods learning theory running a training business and class organization of particular note is chapter 6 people skills where terry focuses on how to interact with human students the one part of the training equation that is sometimes overlooked this edition has a new chapter on animal husbandry and some revised lessons plans

this booklet provides a comprehensive science backed guide to teaching your dog down using modern learning theories and positive reinforcement techniques whether you re a professional trainer or a dedicated pet owner this resource breaks down the process into simple effective steps that strengthen communication and build trust between you and your dog rooted in behaviourism and social cognitive learning theory this booklet is designed to enhance your dog s learning experience while fostering a deeper human animal bond are you ready to take your dog s training to the next level let s get started

taking the lead without jerking the leash is a book for dog owners dog trainers other dog professionals and all dog lovers intended to educate and entertain it covers the many aspects of living with training and understanding dogs it is philosophical in voice and versatile as a resource this book is part chronicle part laughable musings and part practical edification about dog training and canine behavior it will explore the intersections of experience and spirit training mechanics and mindfulness it includes the theory of positive training the alpha theory how dogs learn basic principles of dog training and of course sit stay down recall leash walking and more this book shows you how to employ gentle positive training methods learn to take training from reactive to proactive by setting dogs up for success and rewarding them for it the goal is not to simply control the behavior but to change it for the better effective training is a two way street of open communication understanding how dogs communicate and learn will alleviate frustration and confusion on both ends of the leash learn how to establish strong yet benevolent leadership for a happier more peaceful relationship for you and your dog

level up your dog training is written for the diy minded dog owner who believes in learning by doing the core of this book is the same pet manners curriculum that i teach to local dog owners every day as you work through the exercises you ll train your dog how to sit lie down come when called leave it stay settle on a mat walk politely on a leash potty promptly when asked and more and in the process of teaching those behaviors to your dog you ll pick up a few new skills yourself you ll learn fundamental concepts of dog training such as the three ways to build any new behavior how to train effectively with positive reinforcement how to attach a cue to any behavior how to level up the difficulty on your dog s skills and all the

techniques you'll need to train a totally new trick from scratch without a recipe holding your hand if you and your dog both do your homework by the end of the book you'll know the basics of how to teach a dog anything some assembly required praise for level up your dog training level up your dog training is an accessible and personable guide for non professionals to work toward professional results with warmth and humor watson lays out not just step by step instructions but background for why we do it this way laura vanarendonk baugh kpa ctp cpdt ka author of fired up frantic and freaked out author of social civil and savvy the perfect book for the dog owner who wants to have a well trained dog and also wants a peek into the science behind efficient training as a dog trainer i'm impressed at the seamless way natalie bridger watson weaves together the practical and educational components of training this is the book i've been wanting to recommend for my students who want to dig a little deeper into the why and how of training abigail curtis dvm cpdt ka co founder of international dog parkour association co owner of adventure unleashed dog training

good service dogs are both born and made watching a service dog and her handler working as a team in a busy public space is a thing of beauty not every dog has the temperament or genetic make up to do service work but with the proper reward based training many dogs can succeed in public areas succeeding in public access work is the subject of jennifer cattet's new book which is especially important given some of the controversies surrounding poorly or untrained service dogs being brought into public areas jennifer prepares you and your dog to meet the standards of the public access test developed by assistance dogs international while the book focuses on training it also covers in detail a number of other important questions including how much time effort and cost are involved in acquiring and training a service dog can you train a shelter dog for service work and are there breeds of dogs you should avoid what are your rights and the laws relating to service dogs how do you deal with the public when working with your service dog

when your dog exhibits bad behaviors such as inappropriate chewing barking or jumping up what causes those behaviors and what can you do to correct them as the former owner of three naughty dogs i had the same questions my dogs dax shep and diesel all had unique issues and difficulties due to their past experiences in life through intensive study and lots of hard work i was able to correct their behaviors and raise each as a happy healthy dog that wasn't a constant source of

anxiety pain and stress in this book i ll combine my first hand experience with these three difficult but wonderful dogs along with the expert advice and insight from some of the top dog trainers today trainers such as ian stone simpawtico dog training jason lake prodogz dog training joann neve pack leader training cori ludemann polite pups dog training and many more i ve interviewed these trainers and gotten them to share their best techniques for correcting different unwanted behaviors your dog may be exhibiting or could exhibit in the future through their advice you ll develop a bag of tricks to curb your dog s bad behavior and understand why these behaviors are showing up we ll discuss how to reward your dog and what sorts of disciplinary measures work and what ones can backfire we ll also discuss the signs that you and your dog need professional help and how to find the right trainer not one method works with every dog so we offer multiple strategies allowing you to discover which will work best to solve your dog s behavior issues remember there are no bad dogs only dogs whose owners don t understand how to properly teach train and correct their unacceptable behaviors if you find yourself owning a problem dog then you need to accept the fact that it s up to you to change your mindset behavior and correction strategies so that you can help your dog reach their full potential this book was written for you to help you do just that

this book examines the way a dog thinks and how it differs from a human you can learn to take advantage of the differences to improve your dog training skills

train your dog to reliably follow a human scent trail learn how to pick the right dog for tracking what equipment you need how to lay both simple and advanced tracks the science of scent and your dog s nose a well trained tracking dog can be the deciding factor that determines success in both criminal investigations and search and rescue operations when the stakes are high demanding the highest level of performance from your k9 you need training methods relied upon by police forces and sar teams around the world dr resi gerritsen and ruud haak show you how to train your dog in clean scent tracking a proven method that trains dogs to follow a particular scent on a track while ignoring cross tracks and other odors in k9 professional tracking you ll learn how to train a clean scent tracking dog you can count on you ll also learn to fully understand what your k9 is and is not capable of in the field with the right knowledge and techniques you ll be able to train

tracking dogs to the highest professional standards
