a classic study of modern philosophy s founder translated into english for the first time

in his comprehensive overview of 17th century italy professor sella challenges the old view that italy was in general decline instead he shows it to have been a time of sharp contrasts and shifts in fortune he starts with a balanced and critical analysis of political developments placing the italian states in their wider european context before assessing the state of the economy he then looks in depth at society religion and culture and science and in particular

reassesses the influence of the counter reformation on italian life his book ends with an engrossing account of the life and work of galileo as well as an overview of the important and often neglected contributions made by other scientists in the later part of the century this rich and balanced volume is an ideal introduction to early modern italy and provides a critical revaluation of a much misunderstood period in the country s history

paolo favilli provides both students and scholars with an original reading of themes and issues found in karl marx s das kapital and its connections with present day challenges by way of continuous cross referencing between present and past favilli demonstrates claims that the scientific status of das kapital advanced by countless texts since its original publication are themselves deeply imbued by the spirit of the times if in 1963 jean paul sartre could write that marxism was the unsurpassable philosophical horizon of our times what could make an undergraduate student today consider such a claim plausible informed by the latest research on marxist theory and decades teaching the philosophy of history favilli employs a didactic approach stimulating student engagement and learning opportunities in the classroom this approach allows for a better understanding of relationship between the present and the multiple temporalities that characterise and periodise the contemporary era what follows is a critique of the contemporary academy for its hangover of post 1989 nuovismo cult of novelty and inability to make the proper distinctions between marxism as party state the works of karl marx and marxism as an object of history this led to the spectacle where after 1989 those who had spent most of their careers as marxist hued scholars not only abandoned this identity but also spurned any recognition that marx and marxism were worthwhile objects of inquiry this book was first published in italian as a proposito de il capitale il lungo presente e i miei studenti corso di storia contemporanea milan francoangeli 2021 this english translation includes a new foreword by the author

this volume represents a selection of contributions on mediterranean themes from a wider international interdisciplinary conference on magical texts in ancient civilizations organised by the centre for comparative studies of civilizations at jagiellonian un poland between 27 28 june 2013
