unravel the mysteries of the financial markets the language the players and the strategies for success understanding money and investing has never been more important than it is today as many of us are called upon to manage our own retirement planning college savings funds and health care costs up to date and expertly written the wall street journal complete money and investing guidebook provides investors with a simple but not simplistic grounding in the world of finance it breaks down the basics of how money and investing work explaining what must have information you need to invest in stocks bonds and mutual funds how to see through the inscrutable theories and arcane jargon of financial insiders and advisers what market players investing strategies and money and investing history you should know why individual investors should pay attention to the economy written in a clear engaging style by dave kansas one of america s top business journalists and editor of the wall street journal money investing section this straightforward book is full of helpful charts graphs and illustrations and is an essential source for novice and experienced investors alike get your financial life in order with help from the wall street journal look for the wall street journal complete personal finance guidebook the wall street journal personal finance workbook the wall street journal complete real estate investing guidebook

traces the history of money and discusses stocks bonds mutual funds futures and options

in this wide ranging volume a financial historian updates the first history of wall street recounting the speculative fever of the 1990s and the scandals at enron tyco worldcom and conscoco 27 halftones

a scathing dissection of the wheeling and dealing in the world s greatest financial center spot rates zero coupons blue chips futures options on futures indexes options on indexes the vocabulary of a financial market can seem arcane even impenetrable yet despite its opacity financial news and comment is ubiquitous major national newspapers devote pages of newsprint to the financial sector and television news invariably features a visit to the market for the latest prices does this prodigious flow of information have significance for anyone except the tiny percentage of people who have significant holdings of stocks or bonds and if it does can non specialists ever hope to understand what the markets are up to to these questions wall street answers an emphatic yes its author doug henwood is a notorious scourge of the stock exchange in the pages of his acerbic publication left business observer the newsletter has received wide acclamation from j k galbraith among others and occasional less favorable comment norman pearlstine then executive editor of the wall street journal lamented you are scum it s tragic that you exist with compelling clarity henwood dissects the world s greatest financial center laying open the intricacies of how and for whom the market works the wall street which emerges is not a pretty sight hidden from public view the markets are poorly regulated badly managed chronically myopic and often corrupt and though as henwood reveals their activity contributes almost nothing to the real economy where goods are made and jobs created they nevertheless wield enormous power with over a trillion dollars a day crossing the wires between the world s banks wall street and its sister financial centers

don't just influence government effectively they are the government

wall street is an unending source of legend and nightmares it is a universal symbol of both the highest aspirations of economic prosperity and the basest impulses of greed and deception charles r geisst's wall street is at once a chronicle of the street itself from the days when the wall was merely a defensive barricade built by peter stuyvesant and an engaging economic history of the united states a tale of profits and losses enterprising spirits and key figures that transformed america into the most powerful economy in the world the book traces many themes like the move of industry and business westward in the early 19th century the rise of the great robber barons and the growth of industry from the securities market's innovative financing of railroads major steel companies and bell's and edison's technical innovations and because the street has always been a breeding ground for outlandish characters with brazen nerve no history of the stock market would be complete without a look at the conniving of ruthless wheeler dealers and lesser known but influential rogues this updated edition covers the historic almost apocalyptic events of the 2008 financial crisis and the overarching policy changes of the obama administration as wall street and america have changed irrevocably after the crisis charles r geisst offers the definitive chronicle of the relationship between the two and the challenges and successes it has fostered that have shaped our history

a timely update of the authoritative engaging history of wall street and its role in the economic history of the united states and the world

the definitive guide for main street readers who want to make sense of what's happening on wall street and better understand how we got here and what we need to know to in days to come written by seasoned financial writer dave kansas this official wall street journal guide will be filled with practical information revealing what the crisis means for reader's financial lives and what steps they should be taking now to inform and protect themselves

reveals how a small group of scholars harry markowitz william sharpe merton miller and others laid the foundation for a revolution in commerce with theories they developed after the recession in 1974

a major contribution on the behavior of common stocks in the united states financial analysts journal the consistently bestselling what works on wall street explores the investment strategies that have provided the best returns over the past 50 years and which are the top performers today the third edition of this businessweek and new york times bestseller contains more than 50 percent new material and is designed to help you reshape your investment strategies for both the postbubble market and the dramatically changed political landscape packed with all new charts data tables and analyses this updated classic allows you to directly compare popular stockpicking strategies and their results creating a more comprehensive understanding of the intricate and often confusing investment process providing fresh insights into time tested strategies it examines value versus growth strategies p/e ratios versus price to sales small cap investing seasonality and more

a timely counterintuitive defense of wall street and the big banks as the invisible albeit flawed engines that power our ideas and should be made to work better for all of us

maybe you think the banks should be broken up and the bankers should be held accountable for the financial crisis in 2008 maybe you hate the greed of wall street but know that it s important to the proper functioning of the world economy maybe you don t really understand wall street and phrases such as credit default swap make your eyes glaze over maybe you are utterly confused by the fact that after attacking wall street mercilessly during his campaign donald trump has surrounded himself with wall street veterans but if you like your smart phone or your widescreen tv your car or your morning bacon your pension or your 401 k then whether you know it or not you are a fan of wall street william d cohan is no knee jerk advocate for wall street and the big banks he s one of america s most respected financial journalists and the progressive bestselling author of house of cards he has long been critical of the bad behavior that plagued much of wall street in the years leading up to the 2008 financial crisis and because he spent seventeen years as an investment banker on wall street he is an expert on its inner workings as well but in recent years he s become alarmed by the cheap shots and ceaseless vitriol directed at wall street s bankers traders and executives the people whose job it is to provide capital to those who need it the grease that keeps our economy humming in this brisk no nonsense narrative cohan reminds us of the good these institutions do and the dire consequences for us all if the essential role they play in making our lives better is carelessly curtailed praise for william d cohan cohan writes with an insider s knowledge of the workings of wall street a reporter s investigative instincts and a natural storyteller s narrative command the new york times cohan is one of our most able financial journalists los angeles times a former wall street man and a talented writer cohan has the rare gift not only of understanding the fiendishly complicated goings on but also of being able to explain them in terms the lay reader can grasp the observer london

just after noon on september 16 1920 as hundreds of workers poured onto wall street for their lunchtime break a horse drawn cart packed with dynamite exploded in a spray of metal and fire turning the busiest corner of the financial center into a war zone thirty nine people died and hundreds more lay wounded making the wall street explosion the worst terrorist attack in u s history until the oklahoma city bombing in the day wall street exploded beverly gage tells the story of that once infamous but now largely forgotten event based on thousands of pages of bureau of investigation reports this historical detective saga traces the four year hunt for the perpetrators a worldwide effort that spread as far as italy and the new soviet nation it also gives readers the decades long but little known history of homegrown terrorism that helped to shape american society a century ago the book delves into the lives of victims suspects and investigators world banking power j p morgan jr labor radical big bill haywood anarchist firebrands emma goldman and luigi galleani america s sherlock holmes william j burns even a young j edgar hoover it grapples as well with some of the most controversial events of its day including the rise of the bureau of investigation the federal campaign against immigrant terrorists the grassroots effort to define and protect civil liberties and the establishment of anti communism as the sine qua non of american politics many americans saw the destruction of the world trade center as the first major terrorist attack on american soil an act of evil without precedent the day wall street exploded reminds us that terror too has a history praise for the hardcover outstanding new york times book review ms gage is a storyteller she leaves it to her readers to draw their own connections as they digest her engaging narrative the new york times brisk suspenseful and richly documented the chicago tribune an uncommonly intelligent witty and vibrant account she has performed a real service in presenting such a complicated case in such a fair and balanced way san francisco chronicle

what can law firms do to ensure justice for all how can they serve the needs of those unable to pay how can law firms improve the quality of life for their lawyers at a time when government support for legal aid is limited and under fire when recent u s presidents have urged increased volunteerism when the american bar association s law firm pro bono challenge is under way and when some within the legal profession have called for mandatory pro bono work this new book examines these important questions the law firm and the public good blends academic scholarship with real world experience as it brings together lawyers who have wrestled with the pressures of everyday practice concerned about deepening the commitment of large law firms to the wider community the authors seek to provide a blueprint for firms concerned with creating developing implementing and evaluating pro bono programs moving beyond the ethical arguments which justify a law firm s commitment to community service the authors argue that pro bono work is in the firm s self interest they show that a heightened concern with the public good can improve a lawyer s spirit sharpen lawyering skills and enhance the humanistic traditions of law practice they conclude that professional responsibility and self interest support the same conclusion that the law firm and the public good are inextricably linked and that each can draw strength from the other in ways that nourish both the contributors are william a bradford jr hogan hartson senior circuit judge frank m coffin u s court of appeals for the first circuit anthony f earley jr detroit edison marc galanter university of wisconsin madison donald w hoagland davis graham stubbs william c kelly jr latham watkins esther f lardent director of the aba s law firm pro bono project edwin l noel armstrong teasdale schlafly davis thomas palay university of wisconsin madison j
