this book puts contemporary calls for decolonisation in context featuring an interdisciplinary team of scholars from around the world the book explores and critically assesses the diverse theoretical visions which inform calls for decolonisation of the mind today contemporary calls to decolonise focus less on politico economic relations between states more on culture and ideas sometimes museums are the target sometimes universities or academic disciplines sometimes entire legal systems commentators and activists speak out for others against intellectual decolonisation decolonisation of the mind but what is the colonisation which intellectual decolonisation undoes under what circumstances can inculcation or acceptance of ideas constitute colonialism as this book demonstrates advocates of intellectual decolonisation give very different indeed incompatible answers to these questions critically examining conceptualisations of decolonisation spanning a century and four continents the book explores what is at stake in the choice between these theoretical alternatives some see the aim of decolonisation as truth via the removal of distorting effects of power and bias others troublingly subordinate truth and knowledge to ethnic or regional identity potentially paving the way for culturally authoritarian politics intellectual decolonisation critical perspectives is an indispensable resource for teachers students and scholars seeking to deepen their understanding of debates about decolonisation of the mind individual chapters will interest researchers of the new right wing ethnonationalist political ideologies emerging in europe asia and africa originally published as a special issue of social dynamics this book is also a guide for anyone wondering what decolonisation is all about

this book presents an interdisciplinary study that straddles four academic fields namely autobiography stylistics narratology and translation studies it shows that foregrounding is manifested in the language of autobiography alerting readers to an authorial tone with certain ideological affiliations in refuting the presumed conflation between the author narrator and character in autobiography the study emphasizes readers role in constructing an implied author the issues of implied translator assumed translation and rewriting are explored through a comparative analysis of the english and chinese autobiographies by singapore s founding father lee kuan yew the analysis identifies different foregrounding practices and attributes these differences to an implied translator further evidence derived from narrative communicative situations in the two autobiographies underscores divergent personae of the implied authors the study aims to establish a deeper understanding of how translation and rewriting have a far reaching

impact on the self and world making functions of autobiography this book will be of special interest to scholars and students of linguistics literature translation and political science

two time pulitzer prize winner edward o wilson is one of the leading biologists and philosophical thinkers of our time in this compelling collection wilson s observations range from the tiny glands of ants to the nature of the living universe many of the pieces are considered landmarks in evolutionary biology ecology and behavioral biology wilson explores topics as diverse as slavery in ants the genetic basis of societal structure the discovery of the taxon cycle the original formulation of the theory of island biogeography a critique of subspecies as a unit of classification and the conservation of life s diversity each article is presented in its original form dating from wilson s first published article in 1949 to his most recent exploration of the natural world preceding each piece is a brief essay by wilson that explains the context in which the article was written and provides insights into the scientist himself and the debates of the time this collection enables us to share wilson s various vantage points and to view the complexities of nature through his eyes wilson aficionados along with readers discovering his work for the first time will find in this collection a world of beauty complexity and challenge
