cities are staging more events than ever within this macro trend there is another less acknowledged trend more events are being staged in public spaces some events have always been staged in parks streets and squares but in recent years events have been taken out of traditional venues and staged in prominent urban spaces this is favoured by organisers seeking more memorable and more spectacular events but also by authorities who want to animate urban space and make it more visible this book explains these trends and outlines the implications for public spaces events play a positive role in our cities but turning public spaces into venues is often controversial events can denigrate as well as animate city space they are part of the commercialisation privatisation and securitisation of public space noted by commentators in recent years the book focuses on examples from london in particular but it also covers a range of other cities from the developed world events at different scales are addressed and there is dedicated coverage of sports events and cultural events this topical and timely volume provides valuable material for higher level students researchers and academics from events studies urban studies and development studies

traditionalist christians who oppose same sex marriage and other cultural developments in the united states wonder why they are being forced to bracket their beliefs in order to participate in public life this situation is not new says steven d smith christians two thousand years ago faced very similar challenges picking up poet t s eliot s world war ii era thesis that the future of the west would be determined by a contest between christianity and modern paganism smith argues in this book that today s culture wars can be seen as a reprise of the basic antagonism that pitted pagans against christians in the roman empire smith s pagans and christians in the city looks at that historical conflict and explores how the same competing ideas continue to clash today all of us smith shows have much to learn by observing how patterns from ancient history are reemerging in today s most controversial issues

elana shohamy is a professor and chair of the language education program at the school of education tel aviv university where she teaches researches and writes about multiple issues relating to multilingualism language policy language testing and language in the public space

the philadelphia stock exchange and the city it made recounts the history of america s first stock exchange and the ways it shaped the growth and decline of the city around it founded in 1790 the philadelphia stock exchange its member firms and the companies they financed had profound impacts on the city s place in the world economy at its start the exchange and its members helped spur the development of the early united states its financial sector and its westward expansion during the nineteenth century they invested in making philadelphia the center of industrial america raising capital for the railroads and coal mines that connected cities to one another and built a fossil fuel based economy after financing the civil war they underwrote the growth of the modern metropolis its transportation infrastructure utility systems and real estate development at the turn of the twentieth century stagnation of the exchange contributed to philadelphia s loss of power in the national and world economy this original interpretation of the roots of deindustrialization holds important lessons for other cities that have declined the exchange s revival following world war ii is a remarkable story but it also illustrates the limits of economic development in postindustrial cities unlike earlier eras the exchange s fortunes diverged from those of the city around it ultimately it became part of a larger global institution when it merged with nasdaq in 2008 far more than a history of a single institution the philadelphia stock exchange and the city it made traces the evolving relationship between the exchange and the city for people concerned with cities and their development this study offers a long term history of the public private partnerships and private sector led urban development popular today more generally it traces the networks of firms and institutions revealed by the securities market and its participants

herein lies a critical and understudied part of the history of metropolitan economic development

no 1 new york times bestselling author dean koontz is at the peak of his storytelling powers with this major new novel a rich multi layered story that moves back and forth across decades and generations as a gifted musician relates the terrible and wonderful events of his childhood in 1967 this is the story of a boy and a city jonah kirk s childhood has been punctuated by extraordinary moments like the time a generous stranger helped him realize his dream of learning the piano nothing is more important to him than his family and friends and the electrifying power of music but now jonah has a terrifying secret and it sets him on a collision course with a group of dangerous people who will change his life forever for one bright morning a single earth shattering event will show jonah that in his city good is entwined with malice and sometimes the dark side of humanity triumphs but it will also teach him that courage and honour are found in the most unexpected places and the way forward lies buried deep inside the heart if he can just survive to find it a story of broken families race fathers sons love and hate and how these things can bubble in the cauldron of the city the most gripping thing i ve read in a long long time you sense you are reading a master still at the peak of his powers matt haig author of the humans
