dowling s engineering your future an australasian guide fourth edition is used for first year core subjects across all engineering disciplines building on the previous editions this text has been updated with new references while still maintaining a strong and practical emphasis on skills that are essential for problem solving and design numerous topical and locally focused examples of projects across engineering disciplines help demonstrate the role and responsibilities of a professional engineer themes of sustainability ethical practice and effective communication are a constant throughout the text this full coloured print with interactive e text resource has a variety of digital media embedded at the point of learning such as videos and knowledge check questions to engage students and to help consolidate their learning

annotation in keeping with cocks s willingness and capacity to tackle big issues future makers future takers seeks to identify detail and compare the broad socio political philosophies and bundles of policies that comprise australia s realistic choices for guiding timeship australia through the coming turbulent decades cocks suspends his own judgment as he even handedly and comprehensively presents three proactive strategies for managing australia s future which he calls conservative development economic growth and post materialism book jacket title summary field provided by blackwell north america inc all rights reserved

if we are to understand global capital neoliberalism and the state in meaningful ways we must understand them as they operate in and on particular places and people amanda walsh globalisation is an inescapable term in the 21st century but its real meaning is often difficult to pin down this book sheds new light on the political and economic implications of globalisation by examining the lived experience of a particular region the shoalhaven area of new south wales where two iconic australian industries dairying and manufacturing struggled to survive in the face of global competition drilling down through layers of theory policy and politics amanda walsh surveys how globalisation has played out in regional australia using industry case studies she explores how decisions made at a national level have affected regional communities and considers the role of the state in promoting and mediating globalising forces

as sydney prepares to host the 2000 olympic games this study assesses the cultural impact of sport on the australasian countries here as in other parts of the world sport is taken as an assertion of both individual and group identity a demonstration of modernity and a source of personal local

and regional esteem this collection explores the political social and aesthetic influence of modern sport attitudes to the body and the evolution of specific australasian visions of sport

providing an international reference work written solely by aboriginal and torres strait islander authors this book offers a powerful overview of emergent and topical research in the field of global indigenous studies it addresses current concerns of australian indigenous peoples of today and explores opportunities to develop and support the development of indigenous resilience and solidarity to create a fairer safer more inclusive future divided into three sections this book explores what futures for aboriginal and or torres strait islander peoples might look like and how institutions structures and systems can be transformed to such a future the complexity of aboriginal and torres strait island life and identity and the possibilities for australian indigenous futures and the many and varied ways in which aboriginal and torres strait islander peoples use technology and how it is transforming their lives this book documents a turning point in global indigenous history the disintermediation of indigenous voices and the promotion of opportunities for indigenous peoples to map their own futures it is a valuable resource for students and scholars of indigenous studies as well as gender and sexuality studies education studies ethnicity and identity studies and decolonising development studies

the first ozcots conference in 1998 was inspired by papers contributed by australians to the 5th international conference on teaching statistics in 2008 as part of the program of one of the first national senior teaching fellowships the 6th ozcots was held in conjunction with the australian statistical conference with fellowship keynotes and contributed papers optional refereeing and proceedings this venture was so successful that the 7th and 8th ozcots were similarly run conjoined with australian statistical conferences in 2010 and 2012 authors of papers from these ozcots conferences were invited to develop chapters for refereeing and inclusion in this volume there are sections on keynote topics undergraduate curriculum and learning professional development postgraduate learning and papers from ozcots 2012 because ozcots aim to unite statisticians and statistics educators the approaches this volume takes are immediately relevant to all who have a vested interest in good teaching practices globally statistics as a discipline statistical pedagogy and statistics in academia and industry are all critically important to the modern information society this volume addresses these roles within the wider society as well as questions that are specific to the discipline itself other chapters share research on learning and

teaching statistics in interdisciplinary work and student preparation for futures in academia government and industry

this book outlines the creative responses academics are using to subvert powerful market forces that restrict university work to a neoliberal economic focus the second volume in a diptych of critical academic work on the changing landscape of neoliberal universities the editors and contributors examine how academics prise open the cracks in neoliberal logic to find space for resistance collegiality democracy and hope adopting a distinctly postcolonial positioning the volume interrogates the link between neoliberalism and the ongoing privileging of euro american theorising in universities the contributors move from accounts of unmitigated managerialism and toxic workplaces to the need to decolonise the academy to finally illustrating the various creative and counter hegemonic practices academics use to resist subvert and reinscribe dominant neoliberal discourses this hopeful volume will appeal to students and scholars interested in the role of universities in advancing cultural democracy as well as university staff academics and students

this book examines energy efficiency in the australian built environment and presents current developments with a particular focus on the temperate setting of victoria state it is divided into four main parts discussing policies climate and carbon footprint and presenting case studies on the energy performance and indoor environmental quality of various building types the book is intended for readers wanting to understand the various policies related to different buildings types and their energy performance

this book sets out to navigate questions of the future of australian poetry deliberately designed as a dialogue between poets each of the four clusters presented here indigeneities political landscapes space place materiality revising an australian mythos models how poetic communities in australia continue to grow in alliance toward certain constellated ideas exploring the ethics of creative production in a place that continues to position capital over culture property over community each of the twenty essays in this anthology takes the subject of australian poetry definitively beyond eurocentrism and white privilege by pushing back against nationalizing mythologies that have over the last 200 years since colonization not only narrativized the logic of instrumentalization but rendered our lands precarious this book asserts new possibilities of creative responsiveness within the australian sensorium

this volume investigates australian poetry s centrality to debates around colonialism nationalism diversity embodiment local global relations and the environment

this book offers the first major discussion of metatheatre in australian drama of the late twentieth and early twenty first centuries it highlights metatheatre s capacity to illuminate the wider social cultural and artistic contexts in which plays have been produced drawing from existing scholarly arguments about the value of considering metatheatre holistically this book deploys a range of critical approaches combining textual and production analysis archival research interviews and reflections gained from observing rehearsals focusing on four plays and their australian productions the book uses these examples to showcase how metatheatre has been utilised to generate powerful elements of critique particularly of indigenous non indigenous relations it highlights metatheatre s vital place in australian dramatic and theatrical history and connects this australian tradition to wider concepts in the development of contemporary theatre this illuminating text will be of interest to students and scholars of australian theatre historic and contemporary as well as those researching and studying drama and theatre studies more broadly

this edited collection brings together leading academics researchers and police personnel to provide a comprehensive body of literature that informs australian police education training research policy and practice there is a strong history and growth in police education both in australia and globally recognising and reflecting on the australian and new zealand policing advisory agency anzpaa education and training framework the range of chapters within the book address a range of 21st century issues modern police forces face this book discusses four key themes education training and professional practice topics include police education ethics wellbeing and leadership organisational approaches and techniques topics include police discretion use of force investigative interviewing and forensic science operational practices and procedures topics include police and the media emergency management cybercrime terrorism and community management working with individuals and groups topics include mental health indigenous communities young people hate crime domestic violence and working with victims australian policing critical issues in 21st century police practice draws together theoretical and practice debates to ensure this book will be of interest to those who want to join the police those who are currently training to become a police officer and those who are currently serving this book is essential reading for all students scholars and

researchers engaged with policing and the criminal justice sector

white sets himself a most ambitious task and he goes remarkably far to achieving his goals very few books tell so much about australia with elegance and concision as does his professor michael roe stimulating and informative an antidote to the cultural cringe canberra times to be australian what can that mean inventing australia sets out to find the answers by tracing the images we have used to describe our land and our people the convict hell the workingman s paradise the bush legend the typical australian from the shearer to the bondi lifesaver the land of opportunity the small rich industrial country the multicultural society the book argues that these images rather than describing an especially australian reality grow out of assumptions about nature race class democracy sex and empire and are invented to serve the interests of particular groups there have been many books about australia s national identity this is the first to place the discussion within an historical context to explain how australians views of themselves change and why these views change in the way they do

this book examines failed new city proposals in australia to understand the hurdles environmental societal and economic that have curtailed such visions the lessons from these relative failures are important because if projections for australia s 21st century population growth are borne out we will need to build new cities this century this is particularly the case in northern australia where the federal government projects a four fold increase in population in the next four decades the book aims that when we commence 21st century new city dreaming we have learnt from the mistakes of the past and are not doomed to repeat them
