our use of media touches on almost all aspects of our social lives be they friendships parent child relationships emotional lives or social stereotypes how we understand ourselves and others is now largely dependent on how we perceive ourselves and others in media how we interact with one another through mediated channels and how we share construct and understand social issues via our mediated lives this volume highlights cutting edge scholarship from preeminent scholars in media psychology that examines how media intersect with our social lives in three broad areas media and the self media and relationships and social life in emerging media the scholars in this volume not only provide insightful and up to date examinations of theorizing and research that informs our current understanding of the role of media in our social lives but they also detail provocative and valuable roadmaps that will form that basis of future scholarship in this crucially important and rapidly evolving media landscape

this book examines evolution being handled in anthropology from the mid nineteenth century to the present

in music as social life thomas turino explores why it is that music and dance are so often at the centre of our most profound personal and social experiences

in this book jeffrey alexander develops the view that cultural sociology and cultural pragmatics are vital for understanding the structural turbulence and political possibilities of contemporary social life central to alexander s approach is a new model of social performance that combines elements from both the theatrical avant garde and modern social theory he uses this model to shed new light on a wide range of social actors movements and events demonstrating through striking empirical examples the drama of social life producing successful dramas determines the outcome of social movements and provides the keys to political power modernity has neither eliminated aura nor suppressed authenticity on the contrary they are available to social actors who can perform them in compelling ways this volume further consolidates alexander s reputation as one of the most original social thinkers of our time it will be of great interest to students and scholars in

sociology and cultural studies as well as throughout the social sciences and humanities

caught up in current social changes we do not fully understand the reshaping of social life in sociological analyses there is a conceptual gap between subjectivities and social structural processes and we face real difficulties in understanding social change and diversity through analysis of key areas of social life here sarah irwin develops a new and exciting resource for better understanding our changing social world breaking with conventional approaches and reconnecting the subjective with the objective irwin s book develops a new conceptual and analytical perspective with social relationality interdependence and social context at its heart the new perspective is developed through grounded analyses of empirical evidence and draws on new data it explores and analyzes significant changes in family forms fertility gender relations and commitments to employment children and care both now and with comparisons to early twentieth century developments the meshing of norms and social relations in contexts of change diverse values norms and perceptions of fairness analyzed with respect to diversity over the life course and in respect of gender ethnicity and social class through analysis of context irwin offers new insights and tackles puzzles of explanation reshaping social life offers a fascinating and innovative way of slicing into and re interrogating our changing social world and is sure to become a landmark resource for students scholars and researchers
