by clearly demonstrating the fundamental concepts frameworks and ideas about strategic management necessary for effectively guiding the company this text provides managers with their key to future success the book will show managers the role of strategy and strategy formulation how to define goals and missions how to analyze the key success factors in any organization how to analyze an organization's resources the role of international and global strategies the problems of forecasting and the limitations of corporate planning and current issues in contemporary strategic management

an insightful analysis of the strategy of one of southeast asia's largest family business groups

is there a western way of war which pursues battles of annihilation and single minded military victory is warfare on a path to ever greater destructive force this magisterial account answers these questions by tracing the history of western thinking about strategy the employment of military force as a political instrument from antiquity to the present day assessing sources from vegetius to contemporary america and with a particular focus on strategy since the napoleonic wars beatrice heuser explores the evolution of strategic thought the social institutions norms and patterns of behaviour within which it operates the policies that guide it and the cultures that influence it ranging across technology and warfare total warfare and small wars as well as land sea air and nuclear warfare she demonstrates that warfare and strategic thinking have fluctuated wildly in their aims intensity limitations and excesses over the past two millennia

a strategy text on value creation with case studies the ninth edition of contemporary strategy analysis text and cases focuses on the fundamentals of value creation with an emphasis on practicality topics in this edition include platform based competition and ecosystems of related industries

the role of strategy making processes mergers acquisitions and alliances and strategy implementation within the twenty case studies students will find leading companies that are familiar to them this strategy analysis text is suitable for mba and advanced undergraduate students

in the american way of strategy lind argues that the goal of u s foreign policy has always been the preservation of the american way of life embodied in civilian government checks and balances a commercial economy and individual freedom lind describes how successive american statesmen from george washington thomas jefferson and alexander hamilton to franklin roosevelt dwight eisenhower and ronald reagan have pursued an american way of strategy that minimizes the dangers of empire and anarchy by two means liberal internationalism and realism at its best the american way of strategy is a well thought out and practical guide designed to preserve a peaceful and demilitarized world by preventing an international system dominated by imperial and militarist states and its disruption by anarchy when american leaders have followed this path they have led our nation from success to success and when they have deviated from it the results have been disastrous framed in an engaging historical narrative the book makes an important contribution to contemporary debates the american way of strategy is certain to change the way that americans understand u s foreign policy

robert m grant combines a highly accessible writing style with a concentration on the fundamentals of value creation and an emphasis on practicality in this leading strategy text in this new edition several topics have increased emphasis including platform based competition and ecosystems of related industries the role of stratey making processes practices mergers acquisitions and alliances and additional emphasis on strategy implementation

in discussing a management topic scholars educators practitioners and the media often toss out the name of a theorist taylor simon weber or make a sideways reference to a particular theory bureaucracy total quality management groupthink and move on as if assuming their audience possesses the necessary background to appreciate and integrate the reference this is often far from the case individuals are frequently forced to seek out a hodgepodge of sources varying in quality and presentation to provide an overview of a particular idea this work is designed to serve as a core reference for anyone interested in the essentials of contemporary management theory drawing together a team of international scholars it examines the global landscape of the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses to thoughtfully apply them in addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook and like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures features and benefits two volumes containing over 280 signed entries provide users with the most authoritative and thorough reference resources available on management theory both in terms of breadth and depth of coverage standardized presentation format organized into categories based on validity and importance structures entries so that readers can assess the fundamentals evolution and impact of theories to ease navigation between and among related entries a reader s guide groups entries thematically and each entry is followed by cross references

in the electronic version the reader's guide combines with the cross references and a detailed index to provide robust search and browse capabilities an appendix with a chronology of management theory allows readers to easily chart directions and trends in thought and theory from early times to the present an appendix with central management insights allows readers to easily understand compare and apply major theoretical messages of the field suggestions for further reading at the end of each entry guide readers to sources for more detailed research and discussion key themes include nature of management managing people personality and perception managing motivation managing interactions managing groups managing organizations managing environments strategic management human resources management international management and diversity managerial decision making ethics and creativity management education research and consulting management of operations quality and information systems management of entrepreneurship management of learning and change management of technology and innovation management and leadership management and social environmental issues plus appendix of chronology of management theory plus appendix of central management insights

steiner analyzes how and why brodie's understanding of weapons of unparalleled explosive force led him to posit the need for revolutionary strategic thinking in broadminded analytic method and in the focus upon cities as nuclear targets he shows the tremendous effect brodie's work had on the intellectual climate in which policy is determined particularly in his frequent combatting of conventional wisdom

with vivid insights this book highlights the problems likely to be encountered during the process of formulating strategy in business in government in sport and any other human endeavour based on analysis of the strategic defence review sdr conducted by the uk ministry of defence the methodology for which has been employed in other countries the study focuses on how the review was managed through the twin lenses of strategic business management theory and the essence of decision theory of governmental decision making closely associated with the john f kennedy school of government in the usa
