summary docker in action second edition teaches you the skills and
knowledge you need to create deploy and manage applications hosted
in docker containers this bestseller has been fully updated with
new examples best practices and a number of entirely new chapters
about the technology the idea behind docker is simple package just
your application and its dependencies into a lightweight isolated
virtual environment called a container applications running inside
containers are easy to install manage and remove this simple idea
is used in everything from creating safe portable development
environments to streamlining deployment and scaling for
microservices in short docker is everywhere about the book docker
in action second edition teaches you to create deploy and manage
applications hosted in docker containers running on linux fully
updated with four new chapters and revised best practices and
examples this second edition begins with a clear explanation of

the docker model then you go hands on with packaging applications testing installing running programs securely and deploying them across a cluster of hosts with examples showing how docker benefits the whole dev lifecycle you ll discover techniques for everything from dev and test machines to full scale cloud deployments what s inside running software in containers packaging software for deployment securing and distributing containerized applications about the reader written for developers with experience working with linux about the author jeff nickoloff and stephen kuenzli have designed built deployed and operated highly available scalable software systems for nearly 20 years

sage celebrated the 20th anniversary of the counselling in action in november 2008 to view the video [click here](#) this book is very comprehensive and a useful addition to the reading list for healthcare students excellent student text invaluable text this edition retains the same informative and accessible style and broadly the same order of contents as the first edition which makes it easy for readers to track down key changes the author s extensive experience in the field of ethics in counselling and his experience as chair of bacp underpin this updated essential and authoritative second edition british journal of guidance and counselling tim bond has done a great service to the counselling profession by writing and now updating this book his particular strength must surely be his clarity in acquainting counsellors with the complexities of british law after an introduction he starts with an exploration of the origins and scope of counselling he then exemplifies cases in which a counsellor s personal and professional values collide he has collected together a host of ethical dilemmas that counsellors might have to face naomi stadlen journal of the society for existential analysis this highly acclaimed guide to the major responsibilities which trainees and counsellors in practice must be aware of before working with clients has now been fully revised and updated the second edition examines issues fundamental to the process of counselling a wide range of ethical problems are discussed and advice is given for resolving these dilemmas tim bond outlines the values and ethical principles inherent in counselling and points out that the counsellor is at the centre of a series of responsibilities to the client to him herself as a counsellor and to the wider community he covers topics such as confidentiality legal aspects of counselling working with suicidal clients false or recovered memory record keeping and the importance of adequate supervision

in praise of the first edition in britain few people can have contributed more to the development of a personal construct approach than fay fransella and peggy dalton their book is primarily written for those who may wish to incorporate kelly s ideas into their existing counselling framework this is an informative book which is concise well written and with no shortage of clinical examples relevant to all who are interested in counselling and psychotherapy british journal of psychology the revised and updated edition of this practical accessible book gives a clear introduction to personal construct counselling for counselling trainees and practitioners alike

effective counselling is based on a strong working relationship between counsellor and client building and maintaining this therapeutic alliance demands both skill and an ability to negotiate challenges which arise during the counselling process key issues for counselling in action prepares new practitioners for face to face work with clients by looking at what is required at each stage of the process and examining issues which

practitioners most frequently need to deal with along the way the topics covered are relevant to all counsellors regardless of theoretical orientation the book explores the everyday issues counsellors face when getting started making an assessment working at relational depth setting goals and ending the relationship advice is also given on more difficult challenges such as dealing with reluctant clients stuckness client dependency and unplanned endings key issues for counselling in action is a bestselling text which has been used to train many thousands of counsellors as well as supporting their continuing professional development this second edition has been completely re written and includes new material on the use of touch self care culture and counselling evaluation windy dryden is professor of psychotherapeutic studies professional and community education pace at goldsmiths college university of london andrew reeves is a university counsellor at the university of liverpool counselling service and editor of the journal counselling psychotherapy research
