through four editions cummings otolaryngology has been the world s most trusted source for comprehensive guidance on all facets of head and neck surgery this 5th edition edited by paul w flint bruce h haughey valerie j lund john k niparko mark a richardson k thomas robbins and j regan thomas equips you to implement all the newest discoveries techniques and technologies that are shaping patient outcomes you ll find new chapters on benign neoplasms endoscopic dcr head and neck ultrasound and trends in surgical technology a new section on rhinology and coverage of hot topics such as botox plus your purchase includes access to the complete contents of this encyclopedic reference online with video clips of key index cases overcome virtually any clinical challenge with detailed expert coverage of every area of head and neck surgery authored by hundreds of leading luminaries in the field see clinical problems as they present in practice with 3 200 images many new to this edition consult the complete contents of this encyclopedic reference online with video clips of key index cases stay current with new chapters on benign neoplasms endoscopic dcr head and neck ultrasound and trends in surgical technology a new section on rhinology and coverage of hot topics including botox get fresh perspectives from a new editorial board and many new contributors find what you need faster through a streamlined format reorganized chapters and a color design that expedites reference

this volume examines the question do abstract objects exist presenting new work from contributing authors across different branches of philosophy the introduction overviews philosophical debate which considers what objects qualify as abstract what do we mean by the word exist and indeed what evidence should count in favor or against the thesis that abstract objects exist through subsequent chapters

readers will discover the ubiquity of abstract objects as each philosophical field is considered given the ubiquitous use of expressions that purportedly refer to abstract objects we think that it is relevant to attend to the controversy between those who want to advocate the existence of abstract objects and those who stand against them contributions to this volume depict positions and debates that directly or indirectly involve taking one position or other about abstract objects of different kinds and categories the volume provides a variety of samples of how positions for or against abstract objects can be used in different areas of philosophy in relation to different matters
