this 664 page law and logic book contains the most comprehensive and detailed description of the composition of argument ad hominem ever published revealing this form of argument to be a far broader fallacy than was previously known like perjury argument ad hominem can deceive juries and cause unjust trial verdicts there is fortunately already a criminal law against perjury but unfortunately there is currently no law that expressly prohibits argument ad hominem in trials the book includes the text of a proposed criminal law that expressly prohibits argument ad hominem in trials and shows the necessity of such a law to counter effectively this quite common form of injustice in jury trials for more description of the book s content and to view the dust jacket please visit sinclairbanks com author

there are obvious benefits to be gained from the study of logic heightened ability to express ideas clearly and concisely increased skill in defining one s terms enlarged capacity to formulate arguments rigorously and to analyze them critically but the greatest benefit in my judgment is the recognition that reason can be applied in every aspect of human affairs
