following the dramatic events of terminator salvation a recovering john connor grants barnes permission to return to the destroyed vla lab and bury his brother killed in the explosive opening of the movie at the ruins barnes and blair williams

hunt through the debris for the remains of their comrade but instead uncover a mysterious cable leading up into the mountains the two resistance fighters head into the wilderness to investigate what the pair discovers is an entire village that appears largely untouched by judgment day and its aftermath suspicious of the villagers Barnes and Blair decide to dig deeper an official novel exploring the post judgment day world of the hit movie Terminator Salvation

author Steve Magnante is well known for his encyclopedia like knowledge of automotive facts the details he regularly puts forth both on the pages of national magazines and as a contributing host and tech expert at the popular Barrett Jackson auctions on television are the kinds of things muscle car fanatics love to hear there are 1001 well researched muscle car facts in this book that even some of the most esteemed experts would be surprised to learn covered are all the popular GM makes including Chevy Buick Oldsmobile and Pontiac Ford and Mercury cars Chrysler Plymouth and Dodge cars and even facts about AMC and Studebaker as well fans of these collectible cars will appreciate the technical and entertaining information shared on every page about all of the great American muscle cars whether you're an avid collector of multiple American muscle cars the owner of one shining example a trivia buff who wants to stump your friends or just a fan of the big and powerful rear wheel drive rides of the 1960s and 1970s this book is an informative and entertaining collection of facts from one of the industry's most beloved and respected sources

since the early days of film the representation of masculinity has changed considerably in the beginning men instinctively knew right from wrong they rode to the rescue and saved the day in the nick of time to the admiration and gratitude of society but over the decades heroes have evolved from being larger than life and infallible to being cynical washed up unwanted outsiders violent content in these films also evolved from fistfights and gunplay to brutal attacks and nuclear explosions repeatedly ramping up in frequency intensity and graphic depictions but there is more to a violent film genre

than violence and blood guns and testosterone action films audiences and a thirst for violence brings an entirely new understanding to the nature of such entertainment in this book barna william donovan examines masculinity and violence in action and adventure films and discusses how the most ardent fans of the genre incorporate this controversial form of entertainment into their lives donovan argues that far from becoming violent the fans of the action film look at the genre as an artistic rumination on the nature of violence good and evil and the ever changing definitions of manhood at their very best or most interesting at least these films may even reflect on the nature of violence on human nature on aggression and how a self reflexive moral society can deal with violence and since so much of the violence of the world has always been perpetrated by men action films more often than not are contemplations of the complicated meaning of manhood in addition to fans of the genre blood guns and testosterone will appeal to scholars of film history popular culture gender studies and audience research

this enormous and exhaustive reference book has entries on every major and minor director of science fiction films from the inception of cinema circa 1895 through 1998 for each director there is a complete filmography including television work a career summary a critical assessment and behind the scenes production information seventy nine directors are covered in especially lengthy entries and a short history of the science fiction film genre is also included

a groundbreaking cross cultural reference work exploring the diversity of expression found in rituals festivals and performances uncovering acting techniques and practices from around the world acting an international encyclopedia explores the amazing diversity of dramatic expression found in rituals festivals and live and filmed performances its hundreds of alphabetically arranged fully referenced entries offer insights into famous players writers and directors as well as notable stage and film productions from around the world and throughout the history of theater cinema and television

the book also includes a surprising array of additional topics including important venues from greek amphitheaters to broadway and hollywood acting schools the actor s studio and companies the royal shakespeare performance genres from religious pageants to puppetry technical terms of the actor s art and much more it is a unique resource for exploring the techniques performers use to captivate their audiences and how those techniques have evolved to meet the demands of performing through greek masks and layers of kabuki makeup in vast halls or tiny theaters or for the unforgiving eye of the camera

this book argues that masculine identity is in deep crisis in western culture the old forms are disintegrating while men struggle to establish new relations with women and with each other this book offers a fresh look at gender particularly masculinity by using material from the author s work as a psychotherapist the book also considers the contrubtions made by feminism sociology and anthropology to the study of gender and suggests that it must be studied from an interdisciplinary standpoint masculinity is seen to have economic political and psychological roots but the concrete development of gender must be traced in the relations of the male infant with his parents here the young boy has to separate from his mother and his own proto feminine identity and identify with his father but in western culture fathering is often deficient male identity is shown to be fractured fragile and truncated men are trained to be rational and violent and to shut out whole areas of existence and feeling many stereotypes imprison men particularly machismo which is shown to be deeply masochistic and self destructive

the story of the creation of the 2003 ford svt mustang cobra known internally at ford as the terminator is one of closely guarded secrets and daunting challenges as a small elite team struggled to create a car that will long stand as an icon of american muscle with interviews ranging from company chairman bill ford to the assembly line workers of the historic yet

antiquated dearborn assembly plant will take you behind the scenes of this breakneck program that was headed by o john coletti of the special vehicle team website

at the heart of every great car there lies a great engine the high performance muscle car the high mileage family car the high speed race car no matter the vintage or voltage the torque or the task the car with the power to move americans and the world boasts an engine of remarkable ingenuity dependability and power american horsepower 100 years of great car engines pays tribute to 25 outstanding american made engines valued for their raw horsepower or their design simplicity their longevity or their design innovation or in rare instances all of the above bringing an auto enthusiast s touch to the subject author and photographer mike mueller details each engine s conception creators specifications performance records and more his knowledgeable accessible text accompanied by historical images crisp detail shots and studio quality photographs conveys with precision and unfailing interest the driving power of the great american engine

ten strong egos three different strategies and one major target enter deutschland ag volkswagen v ford bertelsmann v time warner hoechst basf and bayer v dupont allianz v metropolitan life lufthansa v american airlines airbus v boeing the contest is thrilling intoxicating even the figures of deutschland ag versus those of corporate america everything is so right it s really wrong when you come right down to it as japan s sun sinks slowly in the west a formidable new competitor has risen to replace her as america s chief rival in the battle for global business leadership emboldened by reunification and its role as leader of the european union germany is flexing its muscles for the first time in history a transatlantic global conglomerate is rapidly taking shape its policies defined by a small band of german business elites what are the economic sociopolitical and cultural forces driving the new german expansionism what is the strategy behind it and how threatening is it really who are the major players involved and what can we expect from them in the years ahead how do germany s

plans fit with the ultimate unification of european economies under the euro and perhaps most intriguing to what extent has american post cold war policy been deliberately skewed to encourage the hegemony of germany inc and why written by werner meyer larsen a journalist who has closely covered the transatlantic business beat for over a decade this book provides answers to these and other questions of crucial importance to every businessperson while the merger of daimler benz and chrysler in march 1999 is popularly held to have been the opening shot in a new war of global attrition it was as meyer larsen explains in reality a major turning point in a german offensive that has been quietly gaining ground for some years since the late 1980s a handful of germany s most powerful industrial concerns has been steadily chipping away at america s lead in a range of sectors including publishing air travel steel insurance and cars leading the attack is a new generation of ambitious young executives unencumbered by the political restrictions or sins of their predecessors and bolstered by a virtual banking cartel controlled by deutsche bank compelled as much by their anxiety over the post cold war power vacuum as a desire to strut their stuff on a global scale their battle cry is go west think big meyer larsen traces the growth of these companies and the evolution of germany inc he takes us inside daimler lufthansa vw bertelsmann hoechst siemens allianz and the other top players to reveal their strategies and he provides vivid portraits of the men who control their reins including ferdinand the shark piech of vw bertelsmann s thomas middelhoff a k a mr spock mr stockmarket rolf e breuer of deutsche bank and gerhard crommer of krupp the spider in the of steel explaining in each case the likely impact of each leader s style on the future of his industry a penetrating fact filled exploration of a development of paramount commercial geopolitical and cultural importance germany inc is must reading for businesspeople policymakers and students of current affairs everywhere

includes summarized reports of many bee keeper associations
