The CPC exam study guide has been updated for 2018. It includes a 150 question practice exam, answers with full rationale, medical terminology, common anatomy, the exam study guide, secrets to reducing exam stress, and scoring sheets. It is designed for students preparing for the medical coding certification exam after January 1, 2018. Look at what some students had to say after using our practice exams: I just wanted to let you know that I was preparing for the CPC exam and took a practice exam and only made a 70. I was somewhat skeptical of purchasing your strategies and practice in fear it would not help. Reluctantly, I purchased your product, a practice exam, and the strategies to pass before sitting for the CPC exam. I received my results yesterday; I made a 92. I used all of the strategies you recommended: time management, highlighting, etc. which made all the difference in the world. Thank you so much, Heather T. This is very good. I used your practice exam bundle and passed the first time. I also recommended this to others preparing for the test in our organization. They ordered and felt it was of great value. I especially appreciated the explanation for the answers which helped me learn while I corrected the test. When I took the practice test, I set a timer for 5 hr 40 min and was able to complete in 3 hours with a score of 89. Linda B. CPC. I purchased your practice exam package and think it's great using your tips. I completed all 150 questions in 297 minutes and scored an 84. Elizabeth H. I am thrilled to report Greg that I passed my CPC exam on December 12th. Kathleen C. Your test was amazing; it helped me out a lot. Vickey L. Well, the practice test helped me pass my CPC exam.
