this little book relates some experiences i had during the spiritual research which was eventually published in my book cognitive yoga usually i

am concerned with communicating the objective results of my research and not what i experienced whilst doing it but an objective description of what the individual soul undergoes during spiritual research can be valuable to the study of anthroposophy and to those who pursue the spiritual path themselves through faithful inner work says the author the path of spiritual science can become a living spiritual being an intimate friend in the realms of soul and spirit this being can blossom into an extended spiritual community or school one can converse and co create with this spiritual school including the being of one s teacher by learning its inner language in 2012 yeshayahu ben aharon was confronted with a major obstacle in his research work after struggling alone he felt he could not progress without consulting his colleagues in the spiritual world the intimate soul experiences described in this book took place during such a gathering a special festive occasion with an active and engaged community of spiritual beings i want to share some aspects of what i experienced during this event in the more personal and imaginative language of storytelling it is a kind of new individual christmas nativity tale about the earthly ripening of a research problem its heavenly conception embryonic life and finally the birth on earth of what becomes a physical book printed black on white

how can our souls unite with the etheric christ experienced in the etheric world since the end of the last century what steps should we take in the second century of the age of michael to unite with him at the centre of humanity s evolution stands the mystery of golgotha through which the christ impulse entered the earth anthroposophy said rudolf steiner was given at the beginning of the last century to prepare for the second major christ event the etheric second coming beginning in 1933 this event is the portal that leads to the mighty and transformative happenings taking place in the etheric world right now enabling us to meet the etheric christ michael and anthroposophia at the heart of this book is an existential question early in his anthroposophical work ben aharon came to realize that without the light of spiritual science the meeting with the etheric christ remained simply a personal experience likewise without the new life forces streaming from the etheric christ anthroposophy was merely a body of knowledge frozen in time both needed each other but how was that mutually enlivening bridge to be built speaking candidly of his personal spiritual path and inner struggles of consciousness ben aharon tackles this fundamental dilemma as a prelude to the forthcoming second edition of his book the new experience of the supersensible contents include the ur phenomena of the modern christ experience paul s christ experience and the birth of christian platonism the michaelic yoga the platonic aristotelian essence exchange at the end of the twentieth century the meeting with the etheric christ the abyss and the event of the threshold the knowledge drama of the second coming the meeting with michael the meeting with anthroposophia
