from an article entitled history's black hole from the january 10 2016 global edition of the new york daily news arthur browne opines across every field of endeavor from the ministry to medicine and from education to entrepreneurship book merchants balk at memorializing black experience and accomplishments essentially this book is a celebration of black accomplishments over centuries and across continents and seeks to fill a portion of that black hole of the roughly 7 billion people who inhabit this planet some 1.5 billion are classified as white and blacks account for 1.1 billion the remaining over 4 billion are somewhere in the middle yet throughout the years a paucity of written materials have recorded the positive influences and myriad contributions that the great number of black citizens have made toward global peace progress prosperity and pleasure

in this book veteran music producer richard james burgess gives readers the tools they need to understand the complex field of music production he defines the many roles that fall to the music producer by focusing first on the underlying theory of music production before offering a second section of practical aspects of the job

using art media in psychotherapy makes a thoughtful and contextual argument for using graphic art materials in psychotherapy providing historical context for art materials and their uses and incorporating them with contemporary practices and theories written with an analytic focus many of the psychological references nod to jung and post jungian thought with keen attention to image and to symbolic function this book jettisons the idea of reductionist cookbook approaches and instead provides an integrated and contextual understanding of the origins of each art form as well as an insightful use for each in its application in mental health healing practices using art media in psychotherapy gives clinicians and students alike the tools they need to offer psychologically minded and clinically astute choices that honor their clients

equity equality and empathy what principals can do for the well being of the learning community presents seven principal actions detailing how to develop a successful well being program moreover leadership processes are

advanced to aid principals in embracing encouraging and amplifying equity equality and empathy as well as social and emotional learning this book is written to guide principals in understanding that far too many social injustices plague not only the nation but school systems as well revealed are top 10 steps to quality leadership effective in guiding campus leaders when working with others in overcoming biases prejudices and discriminatory actions and practices additionally fourteen school oriented processes to eradicating racism in schools are identified and addressed equity equality and empathy promotes seven elements of empathy and how they are critical tools for effective school leadership seven habits of highly empathetic principals are explored along with five steps to a principal establishing and maintaining a learning community culture of empathy finally this book provides school leaders with a critical skills inventory which investigates how principals personally react to social and emotional learning organizational well being and empathy equity and equality leadership

a powerful explanation of why geopolitical competition makes implementing effective climate change policies so difficult as the russia ukraine war has shown great power competition drives states to prioritize fossil fuel acquisition over working toward a zero carbon future in the last few years it has become abundantly clear that the effects of accelerating climate change will be catastrophic from rising seas to more violent storms to desertification yet why do nation states find it so difficult to implement transnational policies that can reduce carbon output and slow global warming in oceans rise empires fall gerard toal identifies geopolitics as the culprit states would prefer to reduce emissions in the abstract but in the great global competition for geopolitical power states always prioritize access to carbon based fuels necessary for generating the sort of economic growth that helps them compete with rival states despite what we now know about the long term impacts of climate change geopolitical contests continue to sideline attempts to halt or slow down the process the ukraine conflict in particular exposes our priorities to escape reliance on russia's vast oil and gas reserves states have expanded fossil fuel production that necessarily increases the amount of carbon in the atmosphere the territorial control imperatives of great powers preclude collaborative behavior to address common challenges competitive territorial resource and technological dramas across the geopolitical chessboard currently obscure the deterioration of the planet's life support systems in the contest between geopolitics and sustainable climate policies the former takes precedence especially when competition shifts to outright conflict

in this book to interrogate that relationship and its stakes for the ongoing acceleration of climate change

when leaders don't prioritize their wellness supporting teachers and students becomes challenging this resource emphasizes wellness as a core part of a leader's identity addressing low morale and exploring personal connections it outlines six critical actions for self care goal setting and professional learning enabling leaders to create systems that prevent burnout and build resilient school communities readers will critically examine personal and communal health practices to identify wellness needs develop a common educator wellness vision to guide improvements to health practices identify clear feasible goals and actionable steps to achieve desired outcomes strengthen commitment to wellness goals through professional learning teams sustain educator wellness through active assessment and improvement of health practices contents introduction part i chapter 1 engaging in purposeful self care chapter 2 implementing a common vision for educator wellness chapter 3 performing a needs assessment part ii chapter 4 goal setting and action planning chapter 5 designing and facilitating effective professional learning chapter 6 monitoring progress and sustaining educator wellness epilogue appendix a engaging stakeholders in the needs assessment references and resources index

bullying in schools is often discussed but sexual harassment in schools and how it differs from bullying is often overlooked in fact though sexual harassment committed both by fellow students and school personnel is more common and yet more easily and quickly dismissed by those involved though its consequences for the victim can be profound this book provides parents teachers school officials and others with a framework comparing and contrasting sexual harassment and bullying as they relate to the behavior laws and impact on children the author describes the responsibility of the school district and how parents and other adults can navigate the schools policies barriers and responsibilities she argues that children should not be subjected to bullying or sexual harassment that it is the school's responsibility to make the harassment or bullying stop and that parents and other caring adults often need to be involved and advocate for the child even against resistance from those in the school system throughout the book the author uses examples of actual cases that have made it to the courts and have been precedent setting and cases in which she has been involved as an expert witness or as a consultant resources for readers are also provided at the end

of the book

redefining and reclaiming financial literacy with over thirty six years of industry experience cindy couyoumjian is committed to filling the financial literacy void for many americans in her timely and thought provoking book cindy gives a unique macro perspective of what she calls the hidden forces behind your money which are the unseen political and economic forces that may influence your investment decisions through meticulous research cindy shows how these hidden forces have contributed to a complex retirement system which includes pensions social security and what she believes is the outdated 60 40 investment model to address this issue cindy spent endless hours developing a new multi asset class investment methodology known as the realm model that may offer broader investment strategies aimed to mitigate risk from the hidden forces that may negatively impact your goals redefining financial literacy can help you understand the complex macro forces that you cannot control yet could determine your financial future take actionable steps to regain command of your retirement strategy build a retirement with potential durable income strategies lesser volatility and risk adjusted returns redefining financial literacy and cindy s innovative realm model can open your eyes to investment possibilities while helping you regain confidence in the american dream diversification does not guarantee profit nor is it guaranteed to protect assets there is no assurance that any strategy model will achieve its objectives registered principal offers securities and advisory services through independent financial group llc ifg a registered investment adviser member finra sipc ifg cinergy financial and greenleaf book group are not affiliated companies

reputation management is the most important theme in public relations and corporate communication today john doorley and helio fred garcia argue that most ceos don t actually pay much heed to reputation and this is to their peril this book is a how to guide for professionals and students in public relations and corporate communication as well as for ceos and other leaders it rests on the premise that reputation can be measured monitored and managed organized by corporate communication units media relations employee communication government relations and investor relations for example the book provides a field tested guide to corporate reputation problems such as leaked memos unfair treatment by the press and negative rumors and it is this rare book that focuses on practical solutions

each chapter is fleshed out with real world experience by the authors and their contributors who come from a wide range of professional corporate communication backgrounds this new edition features new and updated examples throughout two new chapters on social media and public relations consulting a new textbox feature in each chapter relating key communication theories to the practice of public relations and corporate communication expanded coverage of global issues and a new companion website at routledge.com/textbooks/doorley featuring lecture materials for instructors and extensive learning resources for students and professionals

start with the heart to build a school climate in which achievement will flourish you can build an empathetic school culture that promotes genuine acceptance of one another an appreciation for diversity and an intrinsic desire to contribute and grow academically a school environment that is inviting positive and engaging in this easy to read inspiring book educational consultant and former high school principal michelle trujillo shows how positive school culture is anchored in social and emotional learning as a way of being through explanation personal anecdotes and the demonstration of problem solving through intentional connection she guides educators to explore their own self aptitudes in doing so she inspires a schoolwide investment in a philosophy of connection with students and each other that ignites a climate in which every individual is seen heard and valued and academic achievement has an opportunity to thrive for all drawing in readers through story and reflection the book defines the challenges educators face and offers ample tools strategies and solutions for integrating 5 self competencies into schools it includes concrete examples of relationship building in action in schools by modeling integrating and explicitly teaching social and emotional learning self to students practical evidence based strategies for explicit teaching of each self competency to students opportunities for reflection brainstorming and classroom planning stories that bring the student experience of empathetic school culture to life references to programs and practices that meet tier 1 and 2 evidence based curriculum requirements jumpstart conscientious connections in your school community and create a foundation for trust that allows students and educators to feel appreciated effective and productive this is a powerful and moving resource to inspire every educator who wants to make a difference eric jensen author brain based learning and teaching with the brain in mind

in the twentieth century great leaders played vital roles in making the world a fairer and more peaceful place how did they do it what lessons can be drawn for the twenty first century global agenda those questions are at the heart of the peacemakers a kind of global edition of john f kennedy s profiles in courage writing at a time when peace seems elusive and conflict endemic when tensions are running high among the major powers when history has come roaring back when democracy and human rights are yet again under siege when climate change is moving from future to present tense and when transformational statesmanship is so needed bruce w jentleson shows how twentieth century leaders of a variety of types national international institutional sociopolitical nongovernmental rewrote the zero sum scripts they were handed and successfully made breakthroughs on issues long thought intractable the stories are fascinating henry kissinger zhou enlai and the u s china opening mikhaïl gorbachev and the end of the cold war dag hammar skjöld s exceptional effectiveness as united nations secretary general nelson mandela and south african reconciliation yitzhak rabin seeking arab israeli peace mahatma gandhi as exemplar of anticolonialism and an apostle of nonviolence lech walesa and ending soviet bloc communism gro harlem brundtland and fostering global sustainability and a number of others while also taking into account other actors and factors jentleson tells us who each leader was as an individual why they made the choices they did how they pursued their goals and what they were and weren t able to achieve and not just fascinating but also instructive jentleson draws out lessons across the twenty first century global agenda making clear how difficult peacemaking is while powerfully demonstrating that it has been possible and urgently stressing how necessary it is today an ambitious book for ambitious people the peacemakers seeks to contribute to motivating and shaping the breakthroughs on which our future so greatly depends
