for over two hundred years the catskill mountains have been repeatedly and dramatically transformed by new york city in making mountains david stradling shows the transformation of the catskills landscape as a collaborative process one in which local and urban hands capital and ideas have come together to reshape the mountains and the communities therein this collaboration has had environmental economic and cultural consequences early on the catskills were an important source of natural resources later when new york city needed to expand its water supply engineers helped direct the city toward the catskills claiming that the mountains offered the purest and most cost effective waters by the 1960s new york had created the great reservoir and aqueduct system in the mountains that now supplies the city with 90 percent of its water the catskills also served as a critical space in which the nation s ideas about nature evolved stradling describes the great influence writers and artists had upon urban residents especially the painters of the hudson river school whose ideal landscapes created expectations about how rural america should appear by the mid 1800s urban residents had turned the catskills into an important vacation ground and by the late 1800s the catskills had become one of the premiere resort regions in the nation in the mid twentieth century the older catskill resort region was in steep decline but the jewish borscht belt in the southern catskills was thriving the automobile revitalized mountain tourism and residence and increased the threat of suburbanization of the historic landscape throughout each of these significant incarnations urban and rural residents worked in a rough collaboration though not without conflict to reshape the mountains and american ideas about rural landscapes and nature

a description and partial revision of the physical stratigraphy

the mountain encyclopedia is the first a to z compendium on all matters related to

mountains including geological geographical and zoological terms and concepts as well as climbing and historical details this book is both a reference and a guide for mountain and outdoor enthusiasts such as hikers climbers and mountaineers it is filled with spectacular color photographs of breathtaking climbing and mountain scenes many taken by the authors during their expeditions jamling tenzing norgay son of the late tenzing norgay wrote the forward

majestic and awe inspiring there is nothing like the sight of a mountain on the horizon throughout all of human history mountains have been linked to the eternal attracting us to their dizzying heights stunning us with their natural beauty and often threatening us with their dangers through a compelling journey to both real and imaginary peaks this book explores how the mountain has figured in our history culture and imaginations veronica della dora explores the ways mountains have functioned spiritually as a boundary between life and death a bridge between the earth and the heavens interlacing science culture and religion she sketches the mountain as a geological phenomenon that has profoundly influenced and been influenced by the human imagination shaping our environmental consciousness and helping us understand our quite small indeed place in the world she also explores their significance as objects of human feats as prizes of adventure and sport and as places of serene beauty for vacationers magnificently illustrated and showcasing famous peaks from all around the world mountain offers a fascinating dual portrait of these giants in nature and culture

this wide ranging discussion of precambrian rocks includes contributions from a diverse array of authors actively engaged in investigations of various aspects of u s precambrian geology summary discussions by the editors of the five major chapters place these contributions in a logical regional framework

geologic geophysical and geochemical studies related to metallic mineral resources in west central new england

mohonk is a name of native american origin first given to a lake high in the shawangunk mountains of ulster county mohonk lake was sculpted eons ago by the crushing weight of advancing glaciers nature's handiwork resulted in a crystal blue lake rimmed by stately hemlock trees and sheer conglomerate cliffs mohonk mountain house was established at the lake in 1869 by quaker twins albert and alfred smiley

they and younger half brother daniel smiley created a mountaintop haven for their guests a 251 room hotel set on acres of woodlands and gardens today daniel smiley s descendants welcome visitors to the last of the grand victorian hotels in the shawangunk and catskill mountain region the mohonk preserve was carved from lands of the mountain house beginning in 1963 and bears witness to the vision of the smiley family its mission is to protect over 6 400 acres of semi wilderness through its education research and land stewardship programs today it is the largest nature preserve supported by members and visitors in new york state
