powerfully renders what it s like to live life to the fullest publishers weekly starred review my name is mickey rowe i am an actor a theatre director a father and a husband i am also a man with autism you think those things don t go together let me show you that they do growing up mickey rowe was told that he couldn t enter the mainstream world he was iced out by classmates and colleagues infantilized by well meaning theatre directors barred from even earning a minimum wage why because he is autistic fearlessly different an autistic actor s journey to broadway s biggest stage is mickey rowe s story of growing up autistic and pushing beyond the restrictions of a special education classroom to shine on the stage as an autistic and legally blind person living in a society designed by and for non disabled people it was always made clear to mickey the many things he was apparently incapable of doing but mickey did them all anyway and he succeeded because of not in spite of his autism he became the first autistic actor to play the lead role in the play the curious incident of the dog in the night time landed the title role in the play amadeus co created the theatre philanthropy company arts on the waterfront and founded the national disability theatre mickey faced untold obstacles along the way but his story ends in triumph many people feel they are locked out of the world of autism that it s impossible to even begin to understand in fearlessly different mickey guides readers to that world while also helping those with autism to feel seen and understood and he shows all people autistic and non autistic alike that the things that make us different are often our biggest strengths

recounts the legend of robin hood who plundered the king s purse and poached his deer and whose generosity endeared him

to the poor

current issues in asian tourism volume ii draws together a collection of papers from current issues in asian tourism ciat ciat was launched by the editors of current issues in tourism in response to the growing number of papers about tourism in asia received by the journal and the increasing number of authors from asian countries this volume focuses on three aspects of asian tourism firstly the section on marketing consumption and demand for asian tourism includes papers on mega events creative experiences world heritage sites and pollution secondly a group of papers focus on sustainable asian tourism destinations including papers on investment climate change energy and local food finally there are two chapters on asian tourism research methods including the use of photography and qualitative methods the papers in this book were originally published in current issues in asian tourism

the anthropologist gregory bateson has been called a lost giant of twentieth century thought in the years following world war ii bateson was among the group of mathematicians engineers and social scientists who laid the theoretical foundations of the information age in palo alto in 1956 he introduced the double bind theory of schizophrenia by the sixties he was in hawaii studying dolphin communication bateson s discipline hopping made established experts wary but he found an audience open to his ideas in a generation of rebellious youth to a gathering of counterculturalists and revolutionaries in 1967 london bateson was the first to warn of a greenhouse effect that could lead to runaway climate change blending intellectual biography with an ambitious reappraisal of the 1960s anthony chaney uses bateson s life and work to explore the idea that a postmodern ecological consciousness is the true legacy of the decade surrounded by voices calling for liberation of all kinds bateson spoke of limitation and dependence but he also offered an affirming new picture of human beings and their place in the world as ecologies knit together in a fabric of meaning that said bateson we might as well call mind

we live in challenging and uncertain times with profound implications for the purpose and nature of education the crises of the anthropocene with the related climate related challenges biodiversity loss a global pandemic and changes to the world of work driven by science and technology innovation and the ascendancy of data and knowledge pressure us to rethink how we prepare people for such futures this in turn has changed the landscape of educational research perhaps particularly in the areas of mathematics health and environmental education research that are so central to responding to these global pressures and potential solutions we need to think critically about education research design and practice as part of a considered and robust discussion of education research theory and practice that will inform and help shape education systems into the future this volume responds to these challenges casting fresh light on contemporary methodologies fit for

reconsidering education into the future chapters explore post qualitative inquiry with overviews and practices arts based and interdisciplinary methodologies self study and auto ethnography for the anthropocene co design with teachers researching for system change the ethics of netnography and principles and practices of literature review

in kansas women in literature nettie garner barker presents a compelling examination of the influential contributions made by women writers from kansas through a series of insightful essays barker explores the rich tapestry of literary voices that have emerged from this often overlooked region using an analytical lens that combines a historical perspective with literary criticism the book is characterized by its eloquent prose and meticulous research situating kansas women within the broader context of american literature while highlighting their unique experiences and cultural backgrounds that shape their narratives by elevating their stories barker emphasizes the intersectionality of gender geography and literary expression making the work both academic and accessible nettie garner barker an established scholar and advocate for women s voices in literature draws on her own experiences and expertise in literary criticism to craft this poignant anthology her passion for uncovering marginalized perspectives combined with her deep rooted appreciation for kansas s cultural landscape has informed her endeavors to spotlight the often unrecognized narratives of women writers from the state barker s scholarly background is instrumental in amplifying these voices providing essential context and analysis in each selection kansas women in literature is an essential read for anyone interested in the evolution of women s roles in literature as well as those who seek to understand the cultural heritage of kansas this book offers valuable insights for students educators and general readers alike establishing a critical dialogue around the significance of women s literature in shaping societal norms and cultural identity

in the 1960s canadians could step through time to eighteenth century trading posts or nineteenth century pioneer towns these living history museums promised authentic reconstructions of the past but as time travel shows they revealed more about mid twentieth century interests and perceptions of history than they reflected historical fact an appetite for commercial tourism led to the rise of living history museums they became important components of economic growth especially as part of government policy to promote regional economic diversity and employment alan gordon explores how these museums were shaped by post war pressures personality conflicts funding challenges and the need to balance education and entertainment ultimately the rise of the living history museum is linked to the struggle to establish a pan canadian identity in the context of multiculturalism competing anglophone and francophone nationalisms first nations resistance and the growth of the state
