the center on education policy cep has been studying state high school exit examinations since 2002 this is the sixth annual report on our comprehensive study of exit exams the information comes from several sources our survey of states that have mandatory exit exams interviews with state officials media reports state sites and case studies of eight districts in five states the report focuses on changes that have occurred over the past year in intervention strategies used to raise initial pass rates and remediation strategies used to raise cumulative pass rates efforts at both state and local levels and specifically those efforts that address achievement gaps reported findings include 1 high school exit examinations have a significant impact on american education 2 exit exam impact is particularly striking for students of color more than 75 of students of color are in states that require passage of exit exams 3 exit exams are aligned for the most part to grade 10 and 4 eighteen states reported that the purpose of the exit exam is to determine mastery of

the state curriculum few reported that the purpose is to determine graduates readiness for entry level employment or post secondary education findings raise questions about the rigor of state standards and exit exams and highlight a need to reexamine the purpose of state exit exams the report concludes that the effectiveness of state exit exam intervention and remediation strategies is largely unknown and many states do not have the capacity to evaluate these strategies states and school districts are investing significant time effort and resources toward increasing passing rates on these exams states should also develop methods to evaluate and determine the effectiveness of the various strategies they use more attention needs to be given to the impact that high school exit exams are having on curriculum and instruction research aimed at evaluating the effectiveness of high school exit exam policy as a tool for shaping and improving instruction and student performance especially for disadvantaged students should be undertaken a variety of methods to identify issues and collect information for this year s study including a detailed survey of states with current or planned high school exit exams analysis of local level work on exit exams conducted over the past five years review of major research conducted by others on exit exams and tracking important events related to exit exams the study focuses on mandatory exit exams and includes states that require students to pass not just take state exit exams to receive a high school diploma even if the students have completed the necessary coursework with satisfactory grades states in which the exit exams are a state mandate rather than a local option and states that are phasing in mandatory high school exit exams that meet the first two criteria individual state profiles are included contains 11 footnotes 2 boxes 1 figure and 13 tables

california high school exit exam cahsee practice test questions prepared by our dedicated team of experts cahsee practice tests are one of the best ways to prepare for your test includes free ebook version for ipad tablets or smartphone cahsee practice test questions including reading mathematics english language usage geometry algebra practice tests are a great way to study and prepare for a test practice the cahsee includes detailed step by step solutions how to take a test exam short cuts common cahsee test mistakes and how to avoid them exam tips multiple choice tips and strategy practice tests can help you quickly identify your strengths and weaknesses build self confidence practice the types of questions on the cahsee reduce exam anxiety one of the primary causes of low marks practice your exam time management why not do everything you can to increase your score

high school exit exams hsees are administered to approximately 70 of all public school students in the united states these exams were designed to prepare students to be successful in the workforce and postsecondary education however many students are still entering college underprepared the purpose of this dissertation was to examine the impact of high school exit exams on college readiness college readiness was defined as enrollment in remedial courses at the first postsecondary institution because other factors can influence college readiness this study controlled for multiple variables e g demographic educational school involvement intermediate institutional using a blocked form of stepwise multiple regression alexander astin s input environment output i e o conceptual model and his theory of student involvement were used as the framework for the study a nationally representative sample of high school students from the graduating class of 2004 was examined using data from the education longitudinal study of 2002 the study found that having an exit exam policy had a negative impact on college readiness even though certain types of exit exams had a positive impact the strongest positive predictor was the highest level of math taken in high school stakeholders can use the results of this study to implement alternative strategies to develop high school environments that facilitate preparation for college
