the book explores oakeshott's thought on the key role human imagination plays in relation to the political it addresses four main themes imagination foundational narratives the question of political societies identities as well as that of human living together to use hannah arendt's expression the book's main objective is to show that oakeshott may be rightfully understood to be a philosopher of the imagination as well as a foundationalist thinker in the arendtian narrative constructivist tradition

the continuing growth of worldwide interest in michael oakeshott's philosophy and political theory has recently 2016 been marked by the publication of two companion to oakeshott volumes this event provides a welcome opportunity to explore the reasons for his influence both

within the west and beyond it essays by contributors from britain canada hong kong india and the usa provide a comprehensive critical assessment of the principal aspects of oakeshott s thought that account for his contemporary relevance the unusually multi national background of the authors aims to give the volume a wide appeal extending not only to those already familiar with oakeshott s writings but also to those as yet unfamiliar with them regardless of their cultural background all the contributors have attempted to write in a way that makes oakeshott as accessible as possible

this work is concerned with time reckoning and perception in old norse culture based on an analysis of various prose and poetic works the author reconstructs the native images of time as well as their changes in relation to social development namely the arrival of christianity and feudalism to the north the primary sources are divided into three groups the first group comprises works that contain traces of the original domestic understanding of time the poetic edda snorri s edda legendary and family sagas the second group includes different types of texts all of which adopt foreign concepts of time that spread to iceland especially through various learned treatises and the influence of the church lastly it is examined how foreign time reckoning and perception affected the temporal structure of kings and bishops sagas included in the third group of sources

in this book top scholars analyse the historic and contemporary influence of magna carta challenging its common myths
