the mep series of military generators are renowned for their quiet durable  
operation and conservative power ratings this is the operators manual for the 15kw  
version of the generator issued under models 804 and 814 the a series has analog

controls and the b series has digital controls various units are manufactured for the us government by different contractors with different power plants this book is a reprint of the operator manual published by the us army it is printed as a courtesy to enthusiasts and owners of these generator sets other important manuals for this generator are also printed by this publisher

this book has been considered important throughout the human history and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations this whole book has been reformatted retyped and designed these books are not made of scanned copies of their original work and hence the text is clear and readable

the delco radio owner s manual model 633 delcotron generator installation serves as an authoritative guide for automobile enthusiasts and technicians alike presenting detailed instructions and schematics that facilitate the knowledge and maintenance of radio systems and delcotron generators characterized by its technical precision and clarity the manual reflects the industrial era s leap into automotive technology embedding insights into the functionality of electrical components while ensuring user accessibility its straddling of both instructional and reference genres places it in a unique context among automotive repair literature of the mid 20th century navigating readers through the complexities of radio installations with finesse

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
