the 1948 palestine israel war is known to israelis as the war of independence but for palestinians it will forever be the nakba the catastrophe alongside the creation of the state of israel the end of the war led to one of the largest forced migrations in modern history around a million people were expelled from their homes at gunpoint civilians were massacred and hundreds of palestinian villages deliberately destroyed though the truth about the mass expulsion has been systematically distorted and

suppressed had it taken place in the twenty first century it could only have been called ethnic cleansing prominent israeli academic ilan pappe argues passionately for the international recognition of this tragedy his groundbreaking and controversial work sheds new light on the origins and development of the palestinian israeli conflict asking questions that the world has so far failed to ask to reveal the real story behind the events of 1948 based on meticulous research including recently declassified israeli archival material dr pappe s timely account demonstrates conclusively that transfer a euphemism for ethnic cleansing was from the start an integral part of a carefully planned strategy and lies at the root of today s ongoing conflict in the middle east book jacket

had already made up its mind and was determined to have a jewish legion of some kind i begged them to lay aside all differences and help me to make a success of a movement which was bound to affect jews one way or another throughout the world if they feared that these jews from russia and poland would not worthily uphold jewish traditions they might have gone to the secretary for war and told him their fears and said that as it was absolutely necessary for world jewry that this experiment of creating jewish battalions should have a fair chance they would request his aid in this matter and ask that at least twenty five per cent of every battalion be composed of jews from england who having seen service in france would therefore give some necessary and valuable stiffening to these raw jewish units about j h john henry patterson the author with his reputation livelihood and safety at stake patterson an experienced tiger hunter from his military service in india undertook an extensive effort to deal with the crisis and after months of attempts and near misses finally killed the first lion on the night of december 9 1898 and killed the second one on the morning of december 29 narrowly escaping death when he was charged by the wounded animal blyth amid rumours of murder and an affair and although he was never officially charged or censured this incident would follow him for years afterward in british society and was most notably referenced in the film the macomber affair 1947 which was based on ernest hemingway s adaptation of the incident it is often thought that it was this incident along with the anti semitic issues he encountered from the british military establishment during world war i when he was in command of the jewish legion which led patterson to eventually disassociate himself from british society and ally himself with those of the jewish faith and their pursuit of a permanent homeland
