noted researcher dr twenge uses 14 years of research and its data from 13 million respondents to reveal how profoundly different today's young adults are from previous generations and makes controversial predictions about what the future holds

born in the 1980s and 1990s millennials are reshaping schools colleges and businesses all over the country they are tolerant confident open minded and ambitious but also disengaged narcissistic distrustful and anxious and these children of the baby boomers are now feeling the effects of the changing job market even as they are affected change the world over back cover

one of the American Planning Association's most popular and influential books is finally in paperback with a new preface from the author on how thinking about parking has changed since this book was first published in this no-holds-barred treatise Donald Shoup argues that free parking has contributed to auto dependence rapid urban sprawl extravagant energy use and a host of other problems planners mandate free parking to alleviate congestion but end up distorting transportation choices debasing urban design damaging the economy and degrading the environment ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people and why American motor vehicles now consume one eighth of the world's total oil production but it doesn't have to be this way Shoup proposes new ways for cities to regulate parking namely charge fair market prices for curb parking use the resulting revenue to pay for services in the neighborhoods that generate it and remove zoning requirements for off street parking such measures according to the Yale trained economist and UCLA planning professor will make parking easier and driving less necessary join the swelling ranks of shoupistas by picking up this book today you'll never look at a parking spot the

same way again

this comprehensive text examines the evolution of urban transportation planning in the united states from early developments in highway planning in the 1930s to today s concerns over sustainable development security and pollution control
