a look at the most dangerous animals from around the world from indian red scorpions giant centipedes and venomous spiders to bull sharks and asian giant hornets animals that can all kill a human being in an unlucky encounter

the reality is that iq is not the way to go to measure intelligence it is about the notion that we have not measured intelligence well we have focused on bad tests to access mental functioning of a person where that we have put labels on a person we need to stop putting labels on a person and focus on the real measure of what it means to be smart we all are intelligent

what will the future be a dystopian landscape controlled by machines or a brave new world full of possibilities perhaps the answer lies with artificial intelligence ai a phenomenon much beyond technology that has continues to and will shape lives in

ways we do not understand yet this book traces the evolution of ai in contemporary history it analyses how ai is primarily being driven by capital as the only factor of production and its consequences for the global political economy it further explores the dystopian prospect of mass unemployment by ai and takes up the ethical aspects of ai and its possible use in undermining natural and fundamental rights a tract for the times this volume will be a major intervention in an area that is heavily debated but rarely understood it will be essential reading for researchers and students of digital humanities politics economics science and technology studies physics and computer science it will also be key reading for policy makers cyber experts and bureaucrats

rooted in the creative success of over 30 years of supermarket tabloid publishing the weekly world news has been the world s only reliable news source since 1979 the online hub weeklyworldnews com is a leading entertainment news site

when you live your life in fear and scarcity from one day to another and when your awareness spans two channels on your tv you may perceive and understand society from one political party to the next and from one conspiracy to another while your own servitude ignorance compliance and subjection span the world since it is the case with everyone else forming in this manner the extraordinary conspiracy shaping and reshaping everything continuously the human conspiracy because those who killed presidents and royalty throughout history those who control stock markets wars oil fields and alphabet agencies and those who weaken and decimate humanity whenever they find it necessary are the same acting on the same comprehensive conspiracy alongside you while forming the human conspiracy because it never matters who rules the world and through what schemes since they cannot do so without your help and compliance while you agree and conspire making everything happen you even take control sometimes along with everybody else and when conspirators cannot abuse you anymore you take them down to bring in their place others who can this is the human conspiracy and it always relates to you since it is meant for action compliance and perfect integration it is the lack of reaction to everything dreadful that those in control do to you and to the world as it is based on your continuous acceptance along with your continuous ridicule and rejection of those who do not abide because it is your passivity making all social schemes and conspiracies possible and so you keep them coming indefinitely it is not their proclaimed effort ingenuity strength and influence to matter but it is your conspiracy to accept everything coming your way as you endure and take it diligently expecting more and now you see the world that you create you still cherish and smile while you suffer you still condemn those who complain as you know that is wrong but you want to be safe and so you endure and cherish in ignorance because you conspire just to keep yourself covered you gather

the crumbs and you never complain and this is the greatest conspiracy of all times the human conspiracy throughout this book we identify model and understand how the human conspiracy takes place on all social levels building this background comprehensive conspiracy capable to follow authorities alongside everything that they implement control and exploit in the world while we focus on all premises and consequences in all details and from all perspectives

swearwords have an almost magical power to shock and offend what explains this what can we learn when we take a close serious look at swearwords and how they work what do we find when we explore for example what exactly it is we re doing when we swear or why people are more tolerant of f when they know full well what it stands for than they are of the swearword it refers to philosopher rebecca roache takes readers on an illuminating and entertaining search for answers to these and other puzzling questions about swearing as she argues swearing is uniquely powerful because unlike other etiquette breaches it is designed to offend but that is not all that swearing can do it has the power to bring people together help them accept one another and relate to one another as equals

the text of thousands of speeches from all historical periods through the 19th century arranged in alphabetical order

the quran and the sunnah in one place

elon musk named our final invention one of five books everyone should read about the future a huffington post definitive tech book of 2013 artificial intelligence helps choose what books you buy what movies you see and even who you date it puts the smart in your smartphone and soon it will drive your car it makes most of the trades on wall street and controls vital energy water and transportation infrastructure but artificial intelligence can also threaten our existence in as little as a decade ai could match and then surpass human intelligence corporations and government agencies are pouring billions into achieving ai s holy grail human level intelligence once ai has attained it scientists argue it will have survival drives much like our own we may be forced to compete with a rival more cunning more powerful and more alien than we can imagine through profiles of tech visionaries industry watchdogs and groundbreaking ai systems our final invention explores the perils of the heedless pursuit of advanced ai until now human intelligence has had no rival can we coexist with beings whose intelligence dwarfs our own and will they allow us to if you read just one book that makes you confront scary high tech realities that we ll soon have no choice but to address make it this one the washington post science fiction has long explored the implications of humanlike machines think of asimov s i robot but barrat s thoughtful treatment adds a dose of reality science news a dark new book lays out a strong case for why we should be at least a little
