this fascinating history reassesses the consequences of portugal s flourishing private trade with asia including increased tensions between the growing urban merchant class and the still dominant landed aristocracy james c boyajian shows how portuguese asian commerce formed part of a global trading network that linked not only europe and asia but also for the first time asia west africa brazil and spanish america he also argues that contrary to previous scholarly opinion nearly half of the portuguese asian trade was controlled by new christians descendants of iberian jews forcibly converted to christianity in the 1490s

in the political economy of indigo in india 1580 1930 a global perspective ghulam a nadri explores the dynamics of the indigo industry and trade from a long term perspective and examines the local and global forces that affected the potentialities of production in india and elsewhere and caused periods of boom and slump in the industry using the commodity chains conceptual framework he examines the stages in the trajectory of indigo from production to consumption nadri shows convincingly that the growth or decline in indigo production and trade in india was a part of the global processes of production trade and consumption and that indigo as a global commodity was embedded in the politics of empire and colonial expansion

this collection of 13 essays deals with a range of topics concerning portuguese dutch and chinese merchants commodities and commerce in maritime asia in the early modern period from c 1585 1800 they are based on exhaustive research and careful analysis of diverse sets of archival materials found around the globe written by a leading authority on global maritime economic history and the history of european expansion each individual essay addresses a topic of fundamental importance to those interested in knowing more about what merchants did with which resources and under what conditions and how they did it what were the commodities that were incorporated into local regional intra regional and global economies and what was the role and function of early modern maritime trade and commerce in economic development in general and especially in asia in the early modern era from c 1585 1800 a number of them in particular relate the individual or collective merchant experience to specific european portuguese and dutch imperial projects and their contestation amongst themselves and their indigenous neighbours over portions of the period collectively they form an exposition of a utilitarian view of human activity under a wide ranging different set of circumstances and conditions but with similar patterns of behaviors and responses that are largely independent from ethnic racial or religious stereotyping the work therefore should raise new issues and avenues of research concerning these agents and objects in european expansion asian and global history

dis connected empires offers a new contribution to the current debate on the role of global history in a world of resurgent nationalisms biedermaann explores the world of early diplomatic connections between europe and asia in the renaissance focusing on the rarely told story of portuguese encounters with the buddhist kingdoms of sri lanka

hans holbein s triumphs 1532 1534 commissioned for the headquarters of the hanseatic league in london and kano naizen s the portuguese namban foreigners painted in 1543 in japan are representations of worlds of trade where wealth speculation exploitation poverty curiosity encounters and the exotic relate effortlessly these worlds multiplied in africa the america s asia and europe as mercantile cultures met in a globalizing world from these encounters power subjugation and conflict arose as part of the same world as

cooperation cross culturalism and cosmopolitism understanding early modern merchant cultures is thus paramount to comprehend the sinews of globalization before 1800 merchants worldwide shared trading interests these interests shaped a panoply of encounters of mercantile cultures across space and time this book sketches the commonalities and underlines the differences of mercantile practices and representations during the early modern period contributors are laurence fontaine david graizbord william pettigrew edmond j smith radhika seshan rila mukherjee jurre j a knoest noelle richardson joseph p mcdermott mark harberl in francisco bethencourt edgar pereira and germano maifreda

the inquiry ends with the collapse of the portuguese presence in asia which began with the restoration of portuguese independence and the fall of malacca in 1641 book jacket

during the 16th century philip ii and charles v transformed the kingdom of castile into a world power which sought to maintain its leading position in europe while consolidating its empire abroad and establishing a catholic society at home using recent advances in spanish historiography previously unavailable to english readers lovett examines familiar topics such as the conquests of mexico and peru the revolt of the netherlands the armada and the inquisition while also taking a close look at new themes such as regional differences within the iberian peninsula and conflicts with the unassimilated jewish population the profound economic consequences of the new transatlantic colonies are also fully discussed in this lively and lucid account of 16th century spain

examines leadership in crisis from classical athens to the second half of the 20th century crisis covered are wars forced conversions immigration and social upheaval

a study that examines the major events that led to the spanish control of portugal in 1580 and the major causes of the revolt in 1640

the sixteenth century witnessed some of the most abrupt and traumatic transformations ever seen in european society and culture population growth strained the old fabric of community and economic relations new supplies of precious metals from east and west rewrote the rules of finance and commerce politics was dominated first by the gladiatorial struggle of two great renaissance monarchs then by the bitter and bloody entanglement of religion and politics society became more disciplined but also more fragmented yet this was also the age when the renaissance became a european rather than just an italian phenomenon an age of art architecture and literature of unprecedented reflection on the thinking person s role in government and civic life it was the era of thereformation and

catholic reform when the ideals and priorities of the life of faith were examined and reshaped in the light of new readings of scripture for the first time europeans not only learned more about the world beyond their continent they reached out and grasped huge new overseas empires six leading scholars in their respective fields have here contributed their insights into the challenging and tumultuous sixteenth century the economy politics society and secular and religious thought all receive careful thematic treatment and analysis a detailed picture also emerges of how europeans made and managed their overseas empires the volume challenges tests and revises the received wisdom of past accounts in the light of the most modern scholarship the diverse experiences of regions of europe often ignored including the east and the mediterranean receive particular attention where their destinies were different from the more better known experiences of france and germany many clichés of textbook history from the multiple revolutions to the rise of the nation states emerge transformed from this account

world history conventionally ignores or underestimates the importance of manila the manila galleons and the philippines as key stages in the development of trans pacific contact and of the world economy essays in this volume discuss philippine asian exchanges prior to the entry of europeans and then look at european influences and the impact of magellan's voyage and the emergence of manila as one of global trade's crucial linchpins during four centuries linkages between latin america and china and spanish japanese competition for the chinese marketplace are important topics tensions and cooperation among chinese japanese iberians africans christians muslims and others on philippine soil are also covered this volume suggests the need for thorough re evaluation of the philippines central role in terms of both pacific history and global history as perhaps the single most important stage in the traffic that linked china and latin america

contains over eight hundred alphabetically arranged entries that provide information about topics related to the historical development and global influence of southeast asia covering politics war religion socioeconomics ethnohistory geography and folklore
