process an improviser s journey is an invaluable resource for mastering improv author teacher and improviser michael gellman was given a mission by famed improv coach del close t o create improvised one act plays of literary quality from scratch already steeped in the world of improvisation he took it upon himself to do this in the form of a class for other improvisers in which they would build the skills necessary to execute such a seemingly tall order scruggs and gellman s book modeled after stanislavski s timeless an actor prepares follows a fictional young actor taking gellman s real life class scruggs and gellman introduce readers to geoff who has just moved to chicago to pursue acting he undergoes the standard trials of audition and rejection before he takes the advice of a fellow actor and turns to improv classes at second city at first geoff thinks improvisation is about laughs and loosening up but he soon learns that it is a powerful tool as well as an end in itself through geoff s eyes the book introduces readers to key tenets of improvisation concentration visualization focus object work being in the moment and the crucial yes and his experiences with the basics of improvisation do serve to get him a few roles but his real breakthrough comes when he signs up for an improvised one act class with michael gellman he and his classmates arrive unprepared for the challenge but with gellman s prompts and advice they slowly move through process to performance over the course of three seasons in chicago the class culminates with their final project a completely improvised one act play performed in front of a live audience

the art of improvisation spontaneity in musical performance is a comprehensive guide that delves into the world of musical improvisation across various genres and cultures this book offers an in depth exploration of the techniques history and philosophy behind improvisation showcasing its significance and impact on music as an art form whether you re a seasoned musician or a curious novice this book provides valuable insights into the spontaneous creativity that defines improvisational music from jazz to classical rock to world music the art of improvisation illuminates the diverse practices and traditions of improvisation offering practical advice and inspirational stories from renowned musicians unlock the secrets of musical spontaneity and discover the boundless possibilities that improvisation brings to your musical journey

hutchinson focuses initially on movement as concept and metaphor affirming its centrality in the conceptualization of all discursive activities he draws on an array of authors including heraclitus plato longinus rabelais nietzsche saussure frances yates kristeva meschonnic and deleuze to demonstrate the motion of discourse and of those engaged in it he then turns to cervantes novels to show how metaphors of movement and travel appearing on nearly every page dominate the conceptualization of the soul the self desire love and life processes viewing travel as a composite of concurrent modes of experience with differing content and rhythms hutchinson considers the concept of errancy the nature of place and the traveler s shifting relations with it and the values that travel may have as a motion displacement encounter and goal of key importance are the means of improvisation developed en route his re examination of bakhtin s chronotope in light of cervante s novels reveals the dynamic character of time spaces in which travelers move he shows moreover that unlike typical renaissance utopias the many worlds of cervantes novels have the principles of becoming and dissolution inscribed in them reflecting on the narrative of journeys both as memory and invention hutchinson concludes with an examination of the relations between

travel experience and travel narrative and a discussion of the whereabouts of writers and readers in cervantes novels the narration of journeys he argues necessitates and encourages improvisatory writing

the aesthetics of imperfection emphasises spontaneity disruption process and energy over formal perfection and is often ignored by many commentators or seen only in improvisation this comprehensive collection is the first time imperfection has been explored across all kinds of musical performance whether improvisation or interpretation of compositions covering music visual art dance comedy architecture and design it addresses the meaning experience and value of improvisation and spontaneous creation across different artistic media a distinctive feature of the volume is that it brings together contributions from theoreticians and practitioners presenting a wider range of perspectives on the issues involved contributors look at performance and practice across western and non western musical artistic and craft forms composers and non performing artists offer a perspective on what is imperfect or improvisatory within their work contributing further dimensions to the discourse the aesthetics of imperfection in music and the arts features 39 chapters organised into eight sections and written by a diverse group of scholars and performers they consider divergent definitions of aesthetics employing both 18th century philosophy and more recent socially and historically situated conceptions making this an essential up to date resource for anyone working on either side of the perfection imperfection debate

leadership teamwork creativity and storytelling are hot topics in contemporary training and management they are also an integral part of applied improvisation which as a result gives us a valuable stock of exercises and methods to impart these skills in applied improvisation for coaches and leaders a practical guide for creative collaboration schinko fischli provides a

complete introduction to applying the principles and techniques of improvisational theatre to working life schinko fischli uses her wealth of experience to illuminate how trainers and managers can add new stimuli to their work through applied improvisation the book begins with a general introduction to the development of improvisational theatre and to applied improvisation defining the foundations of improvisation and how we can usefully apply these methods to teamwork it then focuses on how we can use creativity with a particular focus on co creativity to pave the way for new visions of the future and innovative solutions and explores how storytelling can be applied to teamwork and presentations finally schinko fischli examines status examining how we present ourselves and appear to others and how we can influence and control this this unique book takes a fresh and nuanced look at many soft skills and presents a complete overview of the areas in which applied improvisation may be used by coaches and managers it contains practical exercises throughout and clearly explains relevant theory and terminology applied improvisation for coaches and leaders a practical guide for creative collaboration will be essential reading for coaches in practice and in training particularly executive coaches and those who work with leaders in teams and organisations it will also be a key text for leaders trainers and managers seeking to enhance and expand their soft skills and make learning gainful and enjoyable

teaching dance improvisation serves as an introduction to and a springboard for the author s theories practices and curriculum building of dance improvisation as a technique by taking a similar approach to teaching ballet modern jazz tap or hip hop this book supplies its reader with an easy to follow roadmap in order to begin building and incorporating dance improvisation into dance studios classrooms and curriculums

drawing on the experiences of individuals in the expressive and performing arts this book examines how we experience improvisation and the interaction of intellect and intuition within it it reveals how the approach and methods of expressive arts can enrich improvisation and spur the desire for discovery

this book focuses on the development of four key issues in the development of modern Spain knowledge manufacturing energy and telecommunications and public works if technology transfer from advanced nations to less developed systems always worked then the whole world would now be rich that this is not the case is so obvious we might well expect that the history of the processes successes and failures of technology transfer across nations would be a very well established field of enquiry in fact the theme is still a developing one and the present special issue centres on the case of Spain as exemplary in many respects the collected essays focus upon the four major themes of knowledge manufacturing energy and telecommunications and public works essays range in time from the 18th century to the present time from studies of espionage and early links between craftsmen and savants to the institutions of technology from training systems to private enterprise activity or patents to case studies of silk manufacture shipbuilding mining paper making and pharmaceuticals each essay offers a broad variety of material to bring to bear on a major problem of world development past present and future

the free jazz revolution that began in the mid 1950s represented an artistic and sociopolitical response to the economic racial and musical climate of jazz and the nation in parallel with the American civil rights movement free jazz exemplified an escape from the restrictive rules of musical performance with an emphasis on individual expression and musical democracy a handful of major individual artists opened the gateway to intense personalization of performances through astonishing new techniques

and inner city collectives were formed to support artistic experimentation and community education reviled by most critics and jazz fans in its nascence and still highly misunderstood today free jazz eventually had a profound influence on subsequent developments in jazz and rock forever changing the musical landscape todd s jenkins handy encyclopedia of free music reflects upon the personalities styles organizations philosophy and politics of a musical form to which too little prior attention has been devoted directing readers to outstanding recorded performances it serves as an essential introduction to this difficult but rewarding music offering a scholarly historical and cultural overview that provides a critical assessment of one of the most misunderstood periods in american music filling many gaps left in previously published literature on the subject jenkins s work is a necessary addition to the shelves of music libraries and the collections of jazz aficionados alike

the most extensive sourcebook available for nurturing young actors improvisational work

this book is for readers interested in the latest research on creativity in performance the chapters cover an impressive interdisciplinary scope and include studies of jazz african dancing improvisational theater situation comedies children s puppet plays and nepalese drumming each chapter speaks to broader themes that will be of interest to students and researchers in psychology anthropology communication musicology and performance studies

libera walks the reader through this collection of essays by providing a road map for understanding how the second city method of improv based comedy studied by the likes of john belushi and mike myers has become the industry standard

an author subject index to selected general interest periodicals of reference value in libraries
