as state economic policies promote integration under a single logic of modernist development many impoverished groups remain on the margins development in spirit explores the practices employed by communities on the fringes of such nation building projects using an everyday political economy lens seb rumsby demonstrates how seemingly powerless actors

actively engage with larger forces shaping their experience of development in ways that are underexamined but have far reaching consequences following state led market reforms in the 1980s vietnam experienced stunning economic transformation but for the hmong communities of the country s north and central highlands the benefits proved elusive instead the hmong people have pursued their own alternative paths to development rumsby shows how mass conversion to christianity led to a case of unplanned development that put the hmong on a trajectory of simultaneous integration into the market economy and resistance to state authority many of the strategies community members employ are tied to the christianization of everyday life religious actors play complex and often contradictory roles in facilitating networks of exchange challenging or enforcing gender norms promoting communalism and enforcing discipline and shaping local ideas about progress they are influenced by national and transnational religious networks especially us produced radio broadcasts by hmong american christians and local converts this compelling account provides fresh theoretical and empirical insights into the interplay of religion neoliberal development and marketization across the world

as china strengthens its links with its neighbours through its belt and road initiative there is growing interest in the indigenous peoples of china s western and southwestern borderlands this book based on extensive original research considers the indigenous peoples of yunnan province which is a major gateway between china and the countries of south and south east asia unlike many books on china s indigenous peoples which are written by foreigners who have lived for a while in china this book is comprised of the work of chinese scholars many of them members of ethnic minorities themselves and considers the issues from a chinese perspective

based on a case study of the evolution of finish morphemes in yue and zhuang tai kadai this book examines how an internal factor grammaticalization and an external factor language contact interacted to produce the polyfunctionality of the specific finish morphemes in the languages of guangxi zhuang autonomous region southern china arguing that the central southern guangxi region is a micro linguistic area huang also introduces five unique areal features shared by many of its languages
