pribble investigates the barter economies that developed in many of the labor camps established under the khmer rouge in cambodia when the khmer rouge abolished currency and markets in 1975 starving cambodians created underground exchanges in labor camps throughout the country bartering luxury items for food and other necessities while

simultaneously undermining the regime's ideological goals of eliminating any traces of capitalism in democratic Kampuchea. Pribble asserts three key points about the barter economy in the Khmer Rouge labor camps: first, the underground exchanges in Democratic Kampuchea provided food and medicine for desperate people subsisting under a totalitarian regime, saving the lives of countless Cambodians; second, bartering was the riskiest way to obtain food because it was dependent upon the discretion of two or more individuals from different social classes under the threat of violent punishment, thereby altering the social dynamics of the camps; finally, despite the regime's extreme efforts to eliminate foreign influence from the country and impose communist ideology on millions of citizens, basic forms of market capitalism and a demand for superfluous luxury goods persisted in labor camps throughout the country. A fascinating study of the human consequences of imposing rigid ideology, this will be of particular interest to scholars and students of political history and Southeast Asian history. The spellbinding premiere of *The Weir* at the Royal Court in 1997 was the first of many works to bring Conor McPherson to the attention of the theatre-going public. Acclaimed plays followed, including *Shining City*, *The Seafarer*, *The Night Alive* and *Girl from the North Country*, garnering international acclaim and being regularly produced around the globe. McPherson has also had significant successes as a theatre director, film director and screenwriter, most notably with his award-winning screenplay for *I Went Down*. This companion offers a detailed and engaging critical analysis of the plays and films of Conor McPherson. It considers issues of gender and class, disparity, violence and wealth in the cultural and political contexts in which the work is written and performed, as well as the inclusion of song, sound, the supernatural, religious and pagan festive sensibilities through which initial genre perceptions are nudged elsewhere towards the unconscious and ineffable. Supplemented by a number of contributed critical and performance perspectives, including an interview with Conor McPherson, this is a book to be read by theatre audiences, performance makers and students who wish to explore, contextualize and situate
