new york times bestselling author and medical intuitive caroline myss has found that when people don't understand their purpose in life the result can be depression anxiety fatigue and eventually physical illness in short a spiritual malaise of epidemic proportions myss's experience of working with people led her to develop an insightful and ingenious process for deciphering your own sacred contract or higher purpose using a new theory of archetypes

that builds on the works of Jung, Plato and many other contemporary thinkers. Myss examines the lives of the spiritual masters and prophets: Abraham, Jesus, Buddha, and Muhammad, whose archetypal journeys illustrate the four stages of a sacred contract and provide clues for discovering your own. Myss explains how you can identify your particular spiritual energies or archetypes, the gatekeepers of your higher purpose, and use them to help you find out what you are here on earth to learn and whom you are meant to meet. Exploring your sacred contract will shine a light on the purpose and meaning of your life; you are meant to do certain tasks, you are meant to have certain relationships. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest. In fact, your divine potential, both visionary and practical, is a bold, powerful work of spiritual wisdom. Without a doubt, your most intriguing challenge in life is to recognize your spiritual commitments and live them to the fullest.

Sacred Contracts provides the answer to the question world-famous intuitive healer Caroline Myss is most frequently asked: "Why am I here? What is my mission in life?" After 20 years of teaching people how to tap into their innate self-healing powers, Myss feels that the lack of a mission or purpose to life is an emotional illness of epidemic proportions. This can lead to physical illness and emotional distress, including depression, lethargy, anxiety, hopelessness, and insecurity, as people take their frustrations out on loved ones, colleagues, and children. Myss believes that our personal mission is part of a greater sacred contract that we agree to enter into before we are born. Based on her internationally acclaimed workshop of the same name, *Sacred Contracts* will help you to uncover your sacred contract, to develop better physical and emotional health, and a clear sense of purpose.

Please note: This is a companion version, not the original book. Sample book insights: 1. I am a teacher, and I love it. I feel connected to the nursing part of my father's directive because of the healing effects my work has had on many people. My education has been in journalism and theology, but my work in medical intuition simply happened. 2. I began to see images that had no apparent connection to the person I was reading; these images were helpful for every person. And one day in 1991, everything fell into place for me. I was listening to a conversation between two women, and they had immediately shared a life pattern that was noticeable in their heightened response to each other. 3. I began to work with the archetypes in my readings, and I began to see how they functioned within my own psyche. I learned

that each of us has our own personal alignment of key archetypes 4 the archetypal patterns work together to support your personal development they can be particularly helpful in healing painful memories or redirecting your life or finding a way to express your untapped creative potential
