separation of powers and antitrust deal with power and occupy centre stage in our challenging digital times but their
interactions have not yet been analysed this timely and ground breaking book provides an innovative cross disciplinary
analysis of the potential convergence of these two fields notably vincent martenet examines the concentration of politico
economic power in the hands of a few digital firms which have adopted private regulation impacting an entire industry and
society at large he combines doctrinal method with historical developments case studies assessment of legislative proposals
and observations on the functioning of digital markets and democracy in the digital era the book sketches important new
axes of the separation of powers and suggests that antitrust may contribute albeit in a limited way to greater trust in both
society and democracy antitrust for trust the ultimate apparent antitrust paradox
