climate change and ecological instability have the potential to disrupt human societies and their futures cultural social and ethical life in all societies is directed towards a future that can never be observed and never be directly acted upon and yet is always interacting with us thinking and acting towards the future involves efforts of imagination that are linked to our sense of being in the world and the ecological pressures we experience the three key ideas of this book ecologies ontologies and mythologies help us understand the ways people in many different societies attempt to predict and shape their futures each chapter places a different emphasis on the linked domains of environmental change embodied experience myth and fantasy politics technology and intellectual reflection in relation to imagined futures the diverse geographic scope of the chapters includes rural nepal the islands of the

pacific ocean sweden coastal scotland north america and remote rural and urban australia this book will appeal to researchers and students in anthropology sociology environmental studies cultural studies psychology and politics

the new york times bestseller a superb introduction to the world and global issues richard haass has written something that is brief readable and yet comprehensive marked throughout by his trademark intelligence and common sense fareed zakaria an invaluable primer from richard haass president of the council on foreign relations that will help anyone expert and non expert alike navigate a time in which many of our biggest challenges come from the world beyond our borders we live in a global era in which what happens thousands of miles away often affects our lives although the united states is bordered by two oceans those oceans are not moats and the so called vegas rule what happens there stays there does not apply globalization can be both good and bad but it is not something that individuals or countries can opt out of the choice we face is how to respond the world focuses on history what makes each region of the world tick the many challenges globalization presents and the most influential countries events and ideas to provide readers with the background they need to make sense of this complicated and interconnected world

exegesis from the year 2017 in the subject theology biblical theology grade b 3 3 emory university candler school of theology course master of theological studies language english abstract this exegetical paper engages with romans 13 1 7 one of the most problematic and debated passages in the pauline corpus which has been quoted by many politicians and religious leaders in different ways to solve the tensions arising frequently between church and state accordingly this paper seeks to reinterpret romans 13 1 7 based on paul s character and behavior mentioned in acts 16 26 the first part of the paper deals with exegetical issues namely the world behind the text the world in the text and the world in front of the text following this the paper articulates the relationship between luke and paul and the lukan paul in acts after this the remainder of the paper will focus on interpretation and reflection ultimately this paper argues that paul if based on luke s depiction in acts 16 26 may well not have meant blind obedience when he speaks of submitting to the governing authorities but reflective obedience
