living amidst a new kind of empire

from hare krishna to the latter day saints and from jehovah s witnesses to the new age religious pluralism in north american presents evangelical protestantism with significant challenges declaring newer religious groups cults aberrant sects and heretical religions the christian countercult movement has warned that these groups represent a threat to society in ibearing false witness r cowan considers the christian countercult as a whole locating it in sociological perspective as an entity distinct from the secular anti cult through his analysis the author argues that the primary purpose of the countercult movement is to reinforce and repair the christian worldview when it appears threatened by the advent of alternative religious traditions this unique analysis of the christian countercult helps explain why conservative christian responses to competing religious movements have taken the form that they have in addition to how those responses are carried out unlike the anti cult movement which is concerned with removing individuals from cults and returning them to their families the christian countercult movement according to the author attempts not only to remove cultists from the negative influences of the cults to which they belong but also to insure that they will join the particular version of christianity adhered to by the countercultists themselves beginning with the countercult s early history the author provides an historical account of the movement and its present activities since the rise of new religious movements the growing interest in religions imported from outside north america and the broadening of the religious marketplace continues to grow understanding the christian countercult and its presence as a countervailing pressure to these increasingly socioreligious dynamics becomes ever more important

three years ago sunny day s life came to an end cursed forgotten and pushed to the fringes of society the former emt has hit rock bottom which is a real achievement in an alternate future alaska where even granite floats a silk clad stranger appears and with him a kernel of hope a bounty 100 000 for one gangly math teacher as sunny makes a desperate grab for the cash it becomes apparent that her man is not a man hunter becomes the hunted and the resulting grudge match will threaten the lives of her family and everything sunny holds dear sunny day is the badass heroine you didn t realize you needed but every heroine needs an origin story here s sunny s fans of harry dresden and kate daniels will be enthralled by this dark new urban fantasy series contemporary adventure meets sci fi horror in a fast paced dystopian tale guaranteed to sink its hooks into you

the academy squadron begins another tour of europe this time visiting italy and austria

this book presents key documents from the pre 1915 history of the extraterrestrial life debate introductions and commentaries accompany each source document some of which are published here for the first time or in a new translation authors included are aristotle lucretius aquinas nicholas of cusa galileo kepler pascal fontenelle huygens newton pope voltaire kant paine chalmers darwin wallace dostoevski lowell and antoniadi among others michael j crowe has compiled an extensive bibliography not available in other sources these materials reveal that the extraterrestrial life debate rather than being a relatively modern phenomenon has extended throughout nearly all western history and has involved many of its leading intellectuals the readings also demonstrate that belief in extraterrestrial life has had major effects on science and society and that metaphysical and religious views have permeated the debate throughout much of its history this is a valuable book that is not available anywhere else crowe s purpose is to let the reader see the original words of the authors who discussed other worlds crowe puts these documents in context by his substantial introduction and commentary such a source book serves an important purpose and is ideal for teaching and generating discussion in class the subject is of increasing importance as we find more and more about the possibilities of extraterrestrial life through current disciplines such as astrobiology bioastronomy and the search for extraterrestrial intelligence steven j dick director nasa history division nasa having established himself as the world s authority on the history of the debates about extraterrestrial life in the eighteenth and nineteenth centuries michael crowe is perfectly positioned to produce this source book the introductory commentaries on the excerpts from primary sources he has so judiciously selected reveal again and again that no one else knows this subject as well as he does frederick gregory university of florida the extraterrestrial life debate gives new meaning to the word treasury michael crowe offers us more than 2000 years of golden materials wrought by the astonishing alchemy of science religion philosophy and sheer imagination about a topic as alive today as it ever was et with all his cousins and ancestors the range of authors the book showcases and the depth of context crowe provides will make his monumental anthology the starting point for future explorations of this rich vein of human thought dennis danielson university of british columbia there are loads of books on et but only a small number of them take a historical approach anyone interested in the history of the extraterrestrial life debate will be interested in this book it does complete in a certain way previous historical work done by steven dick and michael crowe by providing large portions of original texts rather than merely short quotations from them all the various perspectives religious literary astronomical philosophical seem adequately represented the multidisciplinary aspect of the debate comes across well from the authors selected marie i george st john s university extraterrestrials may not have invaded the earth physically but for centuries they have done so mentally in many a guise they have appeared not only in works of fiction but also in serious astronomical philosophical and theological debate it is impossible to open michael crowe s handsome and fastidiously prepared anthology of primary sources without being drawn into endlessly fascinating disputes

concerning the possibility and character of extraterrestrial life savoring the many twists and turns in controversies that have extended far beyond the confines of popular astronomy professor crowe has provided students and experts alike with a generous and indispensable resource it is difficult to resist his invitation to investigate for ourselves the innumerable and often surprising ways in which the idea of intelligent life on other worlds has shaped and been shaped by perennial earthly concerns john hedley brooke andreas idreos professor emeritus of science and religion university of oxford
