a one volume edition of the three volume integrative theology this text deals with the definition and application of this new and distinctive approach to religious study

developed from the author s successful two volume calculus text this book presents linear algebra without emphasis on abstraction or formalization to accommodate a variety of backgrounds the text begins with a review of prerequisites divided into precalculus and calculus prerequisites it continues to cover vector algebra analytic geometry linear spaces determinants linear differential equations and more

john is at once the most complex and the easiest to understand of all the gospels if we want a young seeker or new believer to

read something that is both clear and filled with the gospel and good basic theology we give them the gospel of john and if we want to study an incredibly deep theological masterpiece that stretches the brightest mind we open the gospel of john it is the most evangelistic account of jesus life and ministry and it also gives the mature christian deep theological truths to chew on in john verse by verse respected new testament scholar grant r osborne invites the reader to become caught up in the dramatic masterpiece of the fourth gospel he writes if i were teaching a course in college or seminary on creative writing john s gospel would be set alongside shakespeare as models of brilliant characterization and plot it is perhaps osborne s favorite book of the bible and enthusiasm for it shines on every page the osborne new testament commentaries by respected professor and author grant r osborne are for people seeking a straightforward explanation of the text in its context avoiding either oversimplification or technical complexity osborne brings out the riches of the new testament making each book accessible for pastors and all who consider themselves students of scripture

talk about god is often the source of controversy theists and atheists are equally passionate when making their stand for or against belief in god in this book a wide range of philosophers of religion have come together to discuss how serious talk about god ought to be conducted for theists and atheists alike in what should be their common pursuit for truth the essays both address methodological questions and provide a range of concrete samples of serious god talk spanning from political religion and classical proofs of god s existence to the problem of evil series nordic studies in theology nordische studien zur atheism vol 4 subject religious studies Å Å Å Å
