everything you need to know about self publishing in one handy volume more than a million books are self published each year and most disappear into the ether seen by only a few so how do you self publish your book and have it make a ripple in this giant self publishing pond designed for use by both the beginner and moderately experienced person the self publishing road map offers practical guidance to make your self publishing journey a success the book discusses how to ready your book for publication where and how to publish online how to get reviews and how to market your title this book gives you all the steps you need to successfully complete your self publishing goals this isn t a get rich quick book or a promise of untold riches this is practical advice that pays off what you put into it if you re ready to start your self publishing journey or already started and want somebody to ride shotgun and navigate this is the book for you buckle up it s time to go

2022 edition have you written a book but don t know how to go about getting it published have you published a book but are hunting for more ways to improve your bottom line are you looking to distribute it in additional editions or sales channels if you have answered yes to any of these questions this is the book you have been looking for the business of writing practical insights for independent hybrid and traditionally published authors is the go to guide for everyone wishing to jump start their writing careers whether you write fiction nonfiction screenplays or poetry discover the answers to such questions as do i really need to incorporate what flavor of company should i set up and how do i take

the plunge how do i manage my writing expenses and taxes what is an isbn where do i get one and how many will i need what is an imprint and how do i establish one for my books what decisions must i face in the prepublication phase do i need to register my book's copyright and how do i accomplish it what about using other copyrighted materials how on earth do i condense my 100k word book to a 300 word description let alone a 20 word tagline how do i select the best keywords for my book what makes for a great cover and how can i get one what do i need to know about book formatting print as well as digital how can i turn my book into an audiobook how do i develop and refine my author brand how can i land invitations to speak at conferences and conventions i use several pseudonyms how do i manage them all what's an arc a media kit a book trailer a blog tour do i really need to start a blog send out a newsletter dive into social media give away my books how do i price my book should i pick one price or vary it where are the best places to advertise my sale events how much is all of this going to cost me don't feel overwhelmed by the publication and promotion process let award winning critically acclaimed author kim iverson headlee give you the practical wisdom you need to stay on task and perhaps even come out ahead

as a seasoned enterprise architect design thinking professional book author and educator i did not write this book because i wanted to become a woocommerce designer or implementation expert i wrote it because i had a simple honest goal to help creators freelancers and startups sell their products and services directly to the people who need them without relying on third party platforms that control the terms fees and future at first i thought setting up my own platform as a sample would be like hanging a painting on a wall choose a frame hammer a nail and step back to admire it but it turned out to be more like wiring a house full of switches hidden systems and fine tuned details that only reveal themselves when the lights fail to turn on that is when i realized woocommerce is powerful but it is not intuitive for people like us creators educators and independent thinkers it assumes you speak a specific language it assumes you are building a store with dozens of products when all you want is to sell one thing well and ensure it reaches your reader with clarity and confidence i started taking notes not for a book but for myself first to track what worked what failed and what i had to fix three times before understanding the cause and the more i documented the clearer it became the best way to learn woocommerce is to treat it like a real life project not a theory not a tutorial but a case study where you build as you go so that is what this book is this is not a developer's handbook or a youtube transcript turned into a how to guide this is a practical realistic walkthrough written during the actual process of selling digital products to all types of internet creators every chapter reflects a decision i made every solution was tested every mistake became a lesson and now i am sharing it with you not because i have mastered everything but because i believe that when something works it should be passed on in a way that respects people's time attention and effort this is how we evolve if you have ever found yourself thinking why

does this checkout look so cluttered how can i let people download my book without forcing them through paypal is it this hard just to give someone a file then you are exactly who i had in mind when writing this woocommerce can feel like building a stage with a hundred lights and cables but if all you want is to give a great talk in a quiet room with people who care you do not need all the gear you need a clear setup a stable microphone and a space that allows your voice to come through that is what we will build together step by step with one product one purpose and one complete process from start to finish in a conversational tone you will not find fluff here you will find simple explanations that make sense even if you are not technical hands on lessons that you can apply immediately case study results based on what i tried including what i would now do differently this book was not written after i figured everything out it was written while figuring it out which means the voice you will hear is not distant or polished it is present thoughtful and grounded in experience you do not need to be a designer or developer you need to want control over your work a better experience for your readers and a reliable way to sell what you create without losing your sanity by the time you finish this book you will not only understand woocommerce but you will have used it refined it and made it your own for selling your passion and that is what learning should be not just theory but traction

an essential guide to the treatment and management of lung cancer lung cancer remains the leading cause of cancer deaths worldwide attributed mostly to environmental and behavioral factors however a diagnosis of lung cancer no longer means inevitable death the new standards of care and a greater understanding of the etiology and biology of the disease has led to breakthroughs in patient survival rates that were not seen in the past standards of care lung cancer provides a solid foundation in the new principles approaching this disease presented in an accessible quick to digest format and written by leading experts in a variety of medical fields this authoritative guide covers all the new procedures and treatment options and the latest advances in diagnosis and treatment including immunotherapy and oncogene inhibition and more this is an essential resource for both practitioners and students studying for the boards or certification features covers the most current treatments continuous online updates on guidelines new therapies and studies includes checklists case studies learning objectives and clinical pearls bibliography with listings of studies and trials serves as an ideal resource for practice and board review
