professor moshe bar asher professor emeritus at the hebrew university and long time president of the academy of the hebrew language has published more than 200 articles and sixteen books and

edited about 90 books and collections the vast majority of his work has been accessible however only to specialists who read modern hebrew or french bar asher s groundbreaking articles on the dialects of rabbinic literature are classics in more recent years he has brought the same breadth and depth of grammatical knowledge and philological acumen to the study of older classical hebrew texts including literary and epigraphic texts this volume presents studies of individual words and verses within the bible as well as broader thematic discussions of biblical language and its long reception history down through medieval scribes and modern lexicographers also represented are bar asher s penetrating studies of qumran texts and languages which illuminate both the linguistic traditions reflected in these texts and the scribal culture from which they emerged the third section contains studies of mishnaic hebrew there are both sweeping surveys of the field and its accomplishments and challenges and studies of specific phonological morphological syntactic and lexical features

this volume contains 15 contributions addressing linguistic and philological issues they seek to relate the hebrew texts of the hellenistic period to both earlier and later traditions the papers deal with the qumran scrolls the apocrypha and the hebrew bible

the t t clark encyclopedia of second temple judaism provides a comprehensive reference resource of over 600 scholarly articles aimed at scholars and students interested in judaism of the second temple period the two volume work is split into four parts part one offers a prolegomenon for the contemporary study and appreciation of second temple judaism locating the discipline in relation to other relevant fields such as hebrew bible rabbinics christian origins beginning with a discussion of terminology the discussion suggests ways the second temple period may be described and concludes by noting areas of study that challenge our perception of ancient judaism part two presents an overview of respective contexts of the discipline set within the broad framework of historical chronology corresponding to a set of full colour custom designed maps with distinct attention to primary sources the author traces the development of historical social political and religious developments from the time period following the exile in the late 6th century b c e through to end of the bar kokhba revolt 135 c e part three focuses specifically on a wide selection of primary source literature of second temple judaism summarizing the content of key texts and examining their similarities and differences with other texts of the period essays here include a brief introduction to the work and a summary of its contents as well as examination of critical issues such as date provenance location language s and interpretative matters the early reception history of texts is also considered and followed by a bibliography specific to that essay numerous high resolution manuscript

images are utilized to illustrate distinct features of the texts part four addresses topics relevant to the second temple period such as places practices historical figures concepts and subjects of scholarly discussion these are often supplemented by images maps drawings or diagrams some of which appear here for the first time copiously illustrated carefully researched and meticulously referenced this resource provides a reliable up to date and complete guide for those studying early judaism in its literary and historical settings
