this is a consideration of america's role in one of the most bitter conflicts of the 20th century the author has written an account of the war and examines both the american and vietnamese viewpoints seeking to explain decisions and errors of both sides the narrative also charts the motivation and actions of not only the american presidents but also the vietnamese leaders ho chi minh dien giap ky and madame nhu the impact of the war on the us public is examined as are the experiences of both vietnamese civilians and the soldiers involved in the fighting

the book starts with an introduction to the events that led to france's withdrawal from vietnam and us support of diem's government and goes on to examine how the conflict escalated and the usa became fully involved the book also looks at the pressure for peace on the us home front and how this had an impact on the eventual withdrawal and fallout from the war the role of key figures in the conflict both american presidents and vietnamese leaders is analysed throughout throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips for each examination board provide the opportunity to develop exam skills

the vietnam war continues to be the focus of intense controversy while most people liberals conservatives democrats republicans historians pundits and citizens alike agree that the united states did not win the war a vocal minority argue the opposite or debate why victory never came attributing the quagmire to everything from domestic politics to the press the military never lost a battle how then did it not win the war stepping back from this overheated fray bestselling author john prados takes a fresh look at both the war and the debates about it to produce a much needed and long overdue reassessment of one of our nation's most tragic episodes drawing upon several decades of research including recently declassified documents newly available presidential tapes and a wide range of vietnamese and other international sources prados's magisterial account weaves together multiple perspectives across an epic sized canvas where domestic politics ideologies nations and militaries all collide prados patiently pieces back together the events and moments from the end of world war ii until our dispiriting departure from vietnam in 1975 that reveal a war that now appears to have been truly unwinnable due to opportunities lost missed ignored or refused he shows how from the truman through the eisenhower kennedy johnson and nixon administrations american leaders consistently ignored or misunderstood the realities in southeast asia and passed up every opportunity to avoid war in the first place or avoid becoming ever more mired in it after it began highlighting especially ike's seminal and long lasting influence on our vietnam policy prados demonstrates how and why our range of choices narrowed with each passing year while our decision making continued to be distorted by cold war politics and fundamental misperceptions about the culture psychology goals and abilities of both our enemies and our allies in vietnam by turns engaging narrative history compelling analytic treatise and moving personal account prados's magnum opus challenges previous authors and should rightfully take its place as the most comprehensive up to date and accurate one volume account of a war that judging by the frequent analogies to the current war in iraq has not yet really ended for any of us

this study of ten fateful decisions made on indochina between 1961 75 highlights the ascent of the civilian militarists and of strategy over diplomacy in united states policymaking and reveals the inexorably interlinked and escalating character of the decisions and the central purpose of american presidents not to have to face the expected domestic political consequences of defeat in indochina as a result we were led into a prolonged stalemate in which acting and the management of programs became a more important preoccupation than thinking about our purposes and

values in which analysis become wholly subjective and therefore defective and in which decision making occurred in a closed system which did not allow for divergent inputs
