winner of the wesley logan prize in african diaspora history from the american historical association and the benjamin hooks national book award for outstanding scholarly work on the american civil rights movement and its legacy

beginning with the arrival of the first africans in the english colonies eileen southern weaves a fascinating narrative of intense musical activity as singers players and composers black american musicians are fully chronicled in this landmark book now in the third edition the author has brought the entire text up to date and has added a wealth of new material covering the latest developments in gospel blues jazz classical crossover broadway and rap as they relate to african american music

from his leadership of the first modern lunch counter sit ins at age twenty to his work on african american reparations at the time of his death at age seventy two ronald walters 1938 2010 was at the cutting edge of african american politics a preeminent scholar activist and media commentator he was founding chair of the black studies department at brandeis where he shaped the epistemological parameters of the new discipline walters was an early strategist of congressional black power and a longtime advocate of a black presidential candidacy his writings on the politics of race in america both predicted the constraints on president obama in advancing african american interests and anticipated the emergence of the white nationalism found in the tea party and donald trump insurgency in this fascinating book robert c smith combines history and biography to offer an overview of the last half century of black politics in america through the lens of the life and work of the man often described as the w e b du bois of his time

in this comprehensive history ashley d farmer examines black women s political social and cultural engagement with black power ideals and organizations complicating the assumption that sexism relegated black women to the margins of the movement farmer demonstrates how female activists fought for more inclusive understandings of black power and social justice by developing new ideas about black womanhood this compelling book shows how the new tropes of womanhood that they created the militant black domestic the revolutionary black woman and the third world woman for instance spurred debate among activists over the importance of women and gender to black power organizing causing many of the era s organizations and leaders to critique patriarchy and support gender equality making use of a vast and untapped array of black women s artwork political cartoons manifestos and political essays that they produced as members of groups such as the black panther party and the congress of african people farmer reveals how black women activists reimaged black womanhood challenged sexism and redefined the meaning of race gender and identity in american life

not one but two civil rights movements flourished in mid twentieth century texas and they did so in intimate conversation with one another far from the gaze of the national media african american and mexican american activists combated the twin caste systems of jim crow and juan crow these insurgents worked chiefly within their own racial groups yet they also looked to each other for guidance and at times came together in solidarity the movements sought more than integration and access they demanded power and justice civil rights in black and brown draws on more than 500 oral history interviews newly collected across texas from the panhandle to the piney woods and everywhere in between the testimonies speak in detail to the structure of racism in small towns and huge metropolises both the everyday grind of segregation and the haunting acts of racial violence that upheld texas s state sanctioned systems of white supremacy through their memories of resistance and revolution the activists reveal previously undocumented struggles for equity as well as the links black and

chicanx organizers forged in their efforts to achieve self determination

this eloquent and provocative autobiography originally published in 1972 records a day by day sometimes hour by hour compassionate account of the events that took place in the streets meetings churches jails and in people s hearts and minds in the 1960s civil rights movement during the 1960s james forman served as executive secretary and director of international affairs of the student nonviolent coordinating committee he is now distinguished adjunct professor of anthropology at american university in washington d c and president of the unemployment and poverty action committee he is the author of six other books

the lost promise is a magisterial examination of the turmoil that rocked american universities in the 1960s with a unique focus on the complex roles played by professors as well as students the 1950s through the early 1970s are widely seen as american academia s golden age when universities well funded and viewed as essential for national security economic growth and social mobility embraced an egalitarian mission swelling in size schools attracted new types of students and professors including radicals who challenged their institutions calcified traditions but that halcyon moment soon came to a painful and confusing end with consequences that still afflict the halls of ivy in the lost promise ellen schrecker our foremost historian of both the mccarthy era and the modern american university delivers a far reaching examination of how and why it happened schrecker illuminates how us universities explosive growth intersected with the turmoil of the 1960s fomenting an unprecedented crisis where dissent over racial inequality and the vietnam war erupted into direct action torn by internal power struggles and demonized by conservative voices higher education never fully recovered resulting in decades of underfunding and today s woefully inequitable system as schrecker s magisterial history makes blazingly clear the complex blend of troubles that disrupted the university in that pivotal period haunts the ivory tower to this day

a surge of african american enrolment and student activism brought black studies to many us campuses in the 1960s sixty years later black studies programmes are taught at more than 1 300 universities worldwide this book is the first history of how that happened black studies founder and movement veteran abdul alkalimat offers a comprehensive history of the discipline that will become a key reference for generations to come structured in three broadly chronological sections black studies as intellectual history as social movement and as academic profession the book demonstrates how black people themselves established the field long before its institutionalisation in university programmes at its heart black studies is profoundly political black power the new communist movement the black women s and students movements each step in the journey for black liberation influenced and was influenced by this revolutionary discipline

studies the revolutionary theory of the black power movement in the 1960s through 70s

placing it within the broader social theory of black revolution in the united states since the nineteenth century the study of the impact of black power movement bpm activists and organizations in the 1960s through 70s has largely been confined to their role as proponents of social change but they were also theorists of the change they sought in the revolution will not be theorized errol a henderson explains this theoretical contribution and places it within a broader social theory of black revolution in the united states dating back to nineteenth century black intellectuals these include black nationalists feminists and anti imperialists activists and artists of the harlem renaissance and early cold war era black revolutionists the book first elaborates w e b du bois s thesis of the general strike during the civil war alain locke s thesis relating black culture to political and economic change harold cruse s work on black cultural revolution and malcolm x s advocacy of black cultural and political revolution in the united states henderson then critically examines bpm revolutionists theorizing regarding cultural and political revolution and the relationship between them in order to realize their revolutionary objectives focused more on importing theory from third world contexts that were dramatically different from the united states bpm revolutionists largely ignored the theoretical template for black revolution most salient to their case which undermined their ability to theorize a successful black revolution in the united states this book is not only one of the most intellectually ambitious works but also the most comprehensive examination of revolutionary theory in the black power era a monumental accomplishment bravo komozi woodard author of a nation within a nation amiri baraka leroi jones and black power politics

provides new insight into the development of black nationalism by examining the intersection of african american and west indian nationalist literatures

the story of an enslaved african in jamaica who was sold to a slaver owner in haiti boukman would join forces with cecile fatiman to initiate the slave revolts which ultimately became the haitian revolution 8 5x11 paperback edition
