reckoning with the nexus of prison and profit in america in one louisiana prison and over the
course of our country s history in 2014 shane bauer was hired for 9 an hour to work as an

entry level prison guard at a private prison in winnfield louisiana an award winning investigative journalist he used his real name there was no meaningful background check four months later his employment came to an abrupt end but he had seen enough and in short order he wrote an exposé about his experiences that won a national magazine award and became the most read feature in the history of the magazine mother jones still there was much more that he needed to say in american prison bauer weaves a much deeper reckoning with his experiences together with a thoroughly researched history of for profit prisons in america from their origins in the decades before the civil war for as he soon realized we can't understand the cruelty of our current system and its place in the larger story of mass incarceration without understanding where it came from private prisons became entrenched in the south as part of a systemic effort to keep the african american labor force in place in the aftermath of slavery and the echoes of these shameful origins are with us still the private prison system is deliberately unaccountable to public scrutiny private prisons are not incentivized to tend to the health of their inmates or to feed them well or to attract and retain a highly trained prison staff though bauer befriends some of his colleagues and sympathizes with their plight the chronic dysfunction of their lives only adds to the prison's sense of chaos to his horror bauer finds himself becoming crueler and more aggressive the longer he works in the prison and he is far from alone a blistering indictment of the private prison system and the powerful forces that drive it american prison is a necessary human document about the true face of justice in america

a comprehensive history that reveals the intrusion of culture and politics into higher education in mississippi

in wrong on race bruce bartlett sets the record straight on a hidden past that many democrats would rather see swept under the carpet ranging from the founding of the republic

through to today it rectifies the unfair perceptions of america s two national parties while nixon s infamous southern strategy is constantly referenced in the media less well remembered are woodrow wilson s segregation of the entire federal civil service fdr s appointment of a member of the kkk to the supreme court john f kennedy s apathy towards civil rights legislation and the ascension of robert byrd who is current president pro tempore of the senate third in line in the presidential line of succession and a former member of the kkk for the last seventy years african americans have voted en masse for one party with little in the end to show for it is it time for the pendulum to swing the other way with the republican party furiously engaged in pre 2008 soul searching this exhaustively researched incisively written exposé will be an important and compelling component of that debate as we head towards november
