the so called extra calvinisticum the doctrine that the incarnate son of god continued to exist beyond the flesh was not invented by john calvin or reformed theologians if this is true as is almost universally acknowledged today then why do scholars continue to fixate almost exclusively on calvin when they discuss this doctrine the answer to the why of this scholarly trend however is not as important as correcting the trend this volume expands our vision of the historical functions and christological significance of this doctrine by expounding its uses in cyril of alexandria thomas aquinas zacharias ursinus and in theologians from the reformation to the present despite its relative obscurity the doctrine that came to be known as the calvinist extra is a possession of the church catholic and a feature of christology that ought to be

carefully appropriated in contemporary reflection on the incarnation

this groundbreaking study focuses on the reconfiguring of the character of the prodigal son and his family as they appear in drama novels and poetry in english from the fifteenth to the twenty first centuries

the expression son of man used in the gospels almost exclusively by jesus has been the object of intensive study since the protestant reformation yet scholars have come to no agreement on its origin or meaning research in this area has been described as a veritable mine field and a can of worms because of the scope and complexity of the literature no comprehensive survey of the subject has been written in the twentieth century delbert burkett s book fills this need it provides a comprehensive historical overview of the debate from the patristic period to 1996 and gives an evaluation of that research and a summation of the present state of the question burkett concludes that despite nineteen centuries of son of man study there is no consensus concerning the meaning or origin of the expression the debate is therefore a prime example of the limits of new testament scholarship
