the world in brooklyn gentrification immigration and ethnic politics in a global city is a collection of scholarly papers which analyze demographic  
social political and economic trends that are occurring in brooklyn brooklyn as the context reflects global forces while also contributing to them the  
idea for this volume developed as the editors discovered a group of scholars from different disciplines and various universities studying brooklyn  
brooklyn has always been legendary and has more recently regained its stature as a much sought after place to live work and have fun popular

folklore has it that most u s residents trace their family origins to brooklyn it is presently referred to as one of the hippest places in new york thus this book is a collection of demographic ethnographic and comparative studies which focus on urban dynamics in brooklyn the chapters investigate issues of social class urban development immigration race ethnicity and politics within the context of brooklyn as a whole this book considers both theoretical and practical urban issues in most cases the scholarly perspective is on everyday life with this in mind there are also social justice concerns issues of social segregation and attendant homogenization are brought to light moreover social class and race advantages or disadvantages as part of urban processes are underscored through critiques of local policy decisions throughout the chapters a common thread is the assertion by contributors that planning the future of brooklyn needs to include multi ethnic racial and economic groups those very residents who make up brooklyn

the world in brooklyn gentrification immigration and ethnic politics in a global city is a collection of scholarly papers which analyze demographic social political and economic trends that are occurring in brooklyn brooklyn as the context reflects global forces while also contributing to them the idea for this volume developed as the editors discovered a group of scholars from different disciplines and various universities studying brooklyn brooklyn has always been legendary and has more recently regained its stature as a much sought after place to live work and have fun popular folklore has it that most u s residents trace their family origins to brooklyn it is presently referred to as one of the hippest places in new york thus this book is a collection of demographic ethnographic and comparative studies which focus on urban dynamics in brooklyn the chapters investigate issues of social class urban development immigration race ethnicity and politics within the context of brooklyn as a whole this book considers both theoretical and practical urban issues in most cases the scholarly perspective is on everyday life with this in mind there are also social justice concerns issues of social segregation and attendant homogenization are brought to light moreover social class and race advantages or disadvantages as part of urban processes are underscored through critiques of local policy decisions throughout the chapters a common thread is the assertion by contributors that planning the future of brooklyn needs to include multi ethnic racial and economic groups those very residents who make up brooklyn

in this book the authors revisit two iconic brooklyn neighborhoods crown heights prospect lefferts gardens and greenpoint williamsburg where they have been active scholars since the 1970s kruse and desena s comprehensive view from the street describes and analyses the neighborhoods decline and rise with a focus on race and social class they look closely at the strategies used to resist and promote neighborhood change and conclude with an analysis of the ways in which these neighborhoods contribute to current images and trends in brooklyn this book contributes to a better understanding of the elevated status of brooklyn as a global city and destination place

while most studies on gentrification focus almost exclusively on its causes and consequences through an examination of housing class conflict and

the displacement of residents this book analyzes the process of gentrification gentrification and inequality in brooklyn examines the ways in which the established working class and lower income residents of greenpoint brooklyn remain socially segregated from the incoming gentrifiers with both groups forming parallel cultures within the shared physical spaces of the community desena broadens the typical analyses of gentrification to include the grass roots dynamics which create social class relations that lead to residential segregation created by social class relations drawing upon areas traditionally under represented in urban sociology including families women children and local institutions other than housing this study explores the ways in which working class residents in the course of their everyday lives negotiate change in their neighborhood and dissimilarity with their new gentry neighbors gentrification and inequality in brooklyn touches on issues familiar to anyone who has lived in a multi class or multi ethnic community while offering new perspectives on the ways that such communities develop and maintain the boundaries of social segregation

considered one of the city s most notorious industrial slums in the 1940s and 1950s brownstone brooklyn by the 1980s had become a post industrial landscape of hip bars yoga studios and beautifully renovated wildly expensive townhouses in the invention of brownstone brooklyn suleiman osman offers a groundbreaking history of this unexpected transformation challenging the conventional wisdom that new york city s renaissance started in the 1990s osman locates the origins of gentrification in brooklyn in the cultural upheavals of the 1960s and 1970s gentrification began as a grassroots movement led by young and idealistic white college graduates searching for authenticity and life outside the burgeoning suburbs where postwar city leaders championed slum clearance and modern architecture brownstoners as they called themselves fought for a new romantic urban ideal that celebrated historic buildings industrial lofts and traditional ethnic neighborhoods as a refuge from an increasingly technocratic society osman examines the emergence of a slow growth progressive coalition as brownstoners joined with poorer residents to battle city planners and local machine politicians but as brownstoners migrated into poorer areas race and class tensions emerged and by the 1980s as newspapers parodied yuppies and anti gentrification activists marched through increasingly expensive neighborhoods brownstoners debated whether their search for authenticity had been a success or failure

there was nothing there williamsburg the gentrification of a brooklyn neighborhood explores the daily lived effects of gentrification for neighborhood residents those who are newcomers and those who have remained as williamsburg transformed around them

the world in brooklyn gentrification immigration and ethnic politics in a global city is a collection of scholarly papers which analyze demographic social political and economic trends that are occurring in brooklyn brooklyn as the context reflects global forces while also contributing to them the idea for this volume developed as the editors discovered a group of scholars from different disciplines and various universities studying brooklyn brooklyn has always been legendary and has more recently regained its stature as a much sought after place to live work and have fun popular

although we may not think we notice them storefronts and their signage are meaningful and the impact they have on people is significant what the signs say argues that the public language of storefronts is a key component to the creation of the place known as brooklyn new york using a sample of more than two thousand storefronts and over a decade of ethnographic observation and interviews the study charts two very different types of local brooklyn retail signage the unique and consistent features of many words large lettering and repetition that make up old school signage both mark and produce an inclusive and open place in contrast the linguistic elements of new school signage such as brevity and wordplay signal not only the arrival of gentrification but also the remaking of brooklyn as distinctive and exclusive shonna trinch and edward snajdr a sociolinguist and an anthropologist respectively show how the beliefs and ideas that people take as truths about language and its speakers are deployed in these different sign types they also present in depth ethnographic case studies that reveal how gentrification and corporate redevelopment in brooklyn are intimately connected to public communication literacy practices the transformation of motherhood and gender roles notions of historical preservation urban planning and systems of privilege far from peripheral or irrelevant shop signs say loud and clear that language displayed in public always matters

the goal of this study was to analyze a creative approach for inclusion by examining the importance of transformational leadership s responsibility as it relates to gentrification in the communities of brooklyn new york the term gentrification describes the development of urban regions to cater to the inflow of occupants with a higher economic position the research goal was to describe a creative approach for inclusion by examining the importance of transformational leadership s responsibility as it relates to gentrification in the communities of brooklyn new york moreover the research design was constructed to discover an innovative approach to gentrification through creative leadership efforts convenience sampling was utilized to select the participants convenience sampling allowed the participants to share their experiences insights and perceptions of the study based on their familiarity with the communities of brooklyn new york this process afforded access to those who may be stakeholders such as residents and government officials a sequence of prescribed interviews was conducted to obtain required data relative to establishing how the

approach of leadership may be developed to enhance the relationships between native minority members of the community and those traveling into the neighborhoods of brooklyn new york the emphasis of the study was to concentrate on the mentality of leaders as it relates to gentrification furthermore the research design was established to ascertain an innovative method to gentrification through creative leadership the research findings demonstrated that leaders are the primary motivators surrounding the decision making process as it relates to gentrification efforts the significance of the study is to offer additional research into gentrification and present the significance of the phenomenon of inclusion through a leadership perspective in brooklyn new york

how does gentrification affect residents who stay in the neighborhood

the epic story of hasidic williamsburg from the decline of new york to the gentrification of brooklyn a rich chronicle of the satmar hasidic community in williamsburg this expert account enlightens publishers weekly one of the most creative and iconoclastic works to have been written about jews in the united states eliyahu stern yale university the hasidic community in the williamsburg section of brooklyn is famously one of the most separatist intensely religious and politically savvy groups of people in the entire united states less known is how the community survived in one of the toughest parts of new york city during an era of steep decline only to later resist and also participate in the unprecedented gentrification of the neighborhood nathaniel deutsch and michael casper unravel the fascinating history of how a group of determined holocaust survivors encountered shaped and sometimes fiercely opposed the urban processes that transformed their gritty neighborhood from white flight and the construction of public housing to rising crime divestment of city services and ultimately extreme gentrification by showing how williamsburg s hasidim rejected assimilation while still undergoing distinctive forms of americanization and racialization deutsch and casper present both a provocative counter history of american jewry and a novel look at how race real estate and religion intersected in the creation of a quintessential and yet deeply misunderstood new york neighborhood

covid 19 in brooklyn everyday life during a pandemic looks closely at the ways that the covid 19 pandemic impacted the lives of ordinary people living in the super gentrified brooklyn neighborhoods of park slope and greenpoint williamsburg where the authors hunkered down during the 2020 lockdown putting their private lives into broader scientific and public contexts krase and desena discuss a wide range of research methods and theories as well as print and internet media sources about the pandemic with words and images the scholar activist authors place their own personal experiences and those of their family and neighbors inside the broader context of global and national medical emergencies as well as related economic social and political unrest such as widespread unemployment the black lives matter movement and the contentious 2020 presidential election using a distributive social justice perspective and examining their own privileges they discover and discuss the racial and economic inequities that affected the lives of other brooklynites these disparities included public health measures and lack of access to basic necessities of

urban living the book also addresses the cultural and economic shifts that took place at the start of the pandemic and contemplate how those forces will impact on future urban life asking what the new normal of business entertainment education housing and work will look like locally and globally this richly illustrated book offers an invaluable local study of the impact of the pandemic on ordinary people in brooklyn as such it will be of great interest to students and researchers in the humanities and social sciences

viewed as a symbol of urban blight and decline in the late 1970s and 1980s bushwick today is bustling and bursting with color creativity and commerce cozy and cool cafes small boutiques trendy restaurants vibrant street murals and art galleries now adorn the neighborhood in the northern part of brooklyn stoking its growing reputation as one of the more desirable places to live work in and visit in this book mario hernandez paints a precise picture that portrays the redevelopment evolution and ensuing gentrification of the brooklyn neighborhood over recent decades drawing on interviews developer reports and historical and civic records the author focuses closely on the artists and creative industries that moved to bushwick and over time shaped the bohemian art scene in the neighborhood and contributed to the growth of its vibrant urban economy the book connects the emergence and ongoing development of the neighborhood s art scene to neoliberal policies and city planning efforts that have also facilitated and led to the increasing displacement of long time black and latinx residents it also documents community efforts to counteract forces of displacement and development revealing the complex competing and collective efforts to shape bushwick and its future culture and capital collide converge and contribute to rapid and radical change in bushwick s bohemia making this an important read for those interested in urban life gentrification and social issues

green gentrification looks at the social consequences of urban greening from an environmental justice and sustainable development perspective through a comparative examination of five cases of urban greening in brooklyn new york it demonstrates that such initiatives while positive for the environment tend to increase inequality and thus undermine the social pillar of sustainable development although greening is ostensibly intended to improve environmental conditions in neighborhoods it generates green gentrification that pushes out the working class and people of color and attracts white wealthier in migrants simply put urban greening richens and whitens remaking the city for the sustainability class without equity oriented public policy intervention urban greening is negatively redistributive in global cities this book argues that environmental injustice outcomes are not inevitable early public policy interventions aimed at neighborhood stabilization can create more just sustainability outcomes it highlights the negative social consequences of green growth coalition efforts to green the global city and suggests policy choices to address them the book applies the lessons learned from green gentrification in brooklyn to urban greening initiatives globally it offers comparison with other greening global cities this is a timely and original book for all those studying environmental justice urban planning environmental sociology and sustainable development as well as urban environmental activists city planners and policy makers interested in issues of urban greening and gentrification

seminar paper from the year 2014 in the subject english language and literature studies culture and applied geography grade 1 7 university of hamburg institut für anglistik und amerikanistik language english abstract gentrification the gradual displacement of a neighborhood s original inhabitants by more affluent newcomers is a phenomenon that has shaken up large urban areas around the globe in new york city a city known for proximity to wealth and power and inequality alike has been on the forefront of this development this seminar paper provides a descriptive overview of the research on the current state of gentrification in n y c and trends that may shape the local housing market dynamics of the future

made in brooklyn provides a belated critique of the maker movement from its origins in the nineteenth century to its impact on labor and its entanglement in the neoliberal economic model of the tech industry this critique is rooted in a case study of one neighborhood in brooklyn where artists occupy former factory buildings as makers although the maker movement promises to revitalize the city and its dying industrial infrastructure by remaking these areas as centers of small scale production it often falls short of its utopian ideals through her analysis of the maker movement the author addresses broader questions around the nature of artistic work after the internet as well as what the term hipster means in the context of youth culture gentrification labor and the influence of the internet part history part ethnography this book is an attempt to provide a unified analysis of how the tech industry has infiltrated artistic practice and urban space

language is on display all around us all the time and the study of this linguistic landscape is one of the fastest growing areas of research in applied linguistics this book provides an overview of how the field of linguistic landscape studies has emerged and developed over the past 20 years combined with an in depth exploration of the theoretical approaches innovative research methods and major themes that have been central to this dynamic area of research written by two authors who have been involved in the field from its inception the book features summaries of studies from around the world a discussion of the future of the field and an analysis of the impact of linguistic landscape research on language policy language learning and teaching and minority language revitalization it will be an invaluable companion for students and researchers in linguistic landscape studies as well as to those working in related areas the book is open access under a cc by nc nd licence

featured in the new york times book review only a few decades ago the brooklyn stereotype well known to americans was typified by television programs such as the honeymooners and welcome back kottler comedies about working class sensibilities deprivation and struggles today the borough across the east river from manhattan is home to trendsetters celebrities and enough 1 percenters to draw the occupy wall street protests across the brooklyn bridge tres brooklyn has become a compliment among gourmands in parisian restaurants in the new brooklyn kay hymowitz chronicles the dramatic transformation of the once crumbling borough devoting separate chapters to park slope williamsburg bed stuy and the brooklyn navy yard hymowitz identifies the government policies and young educated white and black middle class enclaves responsible for creating thousands of new businesses safe and lively streets and one of the most desirable urban environments in the world exploring brownsville the

growing chinatown of sunset park and caribbean canarsie hymowitz also wrestles with the question of whether the borough's new wealth can lift up long disadvantaged minorities and the current generation of immigrants many of whom will need more skills than their predecessors to thrive in a postindustrial economy the new brooklyn's portraits of dramatic urban transformation and its sometimes controversial effects offers prescriptions relevant to phoenix cities coming back to life across the united states and beyond its borders

this book discusses the current demographic shifts of blacks latinos and other people of colour out of certain strong market cities and the growing fear of displacement among low income urban residents it documents these populations efforts to remain in their communities and highlights how this leads to community organizing around economic environmental and social justice the book shows how residents of once neglected urban communities are standing up to city economic development agencies influential real estate developers universities and others to remain in their neighbourhoods protect their interests and transform their communities into sustainable healthy communities these communities are deploying new strategies that build off of past struggles over urban renewal based on seven years of research this book draws on a wealth of material to conduct a case study analysis of eight low income mixed income communities in boston new york san francisco and washington dc this timely book is aimed at researchers and postgraduate students interested in urban policy and politics community development urban studies environmental justice urban public health sociology community based research methods and urban planning theory and practice it will also be of interest to policy makers community activists and the private sector

urban politics brings together the classic and contemporary literature on urban politics and history with today's pressing urban issues this book's central theme is power going beyond the formal institutions and structures of city and suburban government to explain who defines the urban agenda and who benefits from local services and investments this book also presents a number of subthemes including the impact of globalization the dominant place of economic development concerns in the urban agenda and the continuing importance of race and poverty in big city and suburban politics it also places cities in the larger context of state and federal government politics and policies and discusses the impact of those policies urban politics seeks to engage students with photographs real world case studies and boxed material that employs films video television shows and popular music to illustrate how urban politics works urban politics has been updated and revised to reflect the complex circumstances of both urban success stories and the difficult realities of cities left behind and to add new material on concentrated poverty climate change and the impacts of the covid 19 pandemic the 11th edition of urban politics is an ideal introductory text for students of urban suburban and regional politics and policy this book's coverage of contemporary issues urban bureaucracy policy analysis and intergovernmental relations also makes it an effective textbook for classes in urban administration and planning support material for this book can be found at [routledge.com/9781032270654](http://routledge.com/9781032270654)
