in oct 1999 the national task treatment accountability for safer communities project developed and distributed a questionnaire designed to describe substance abuse treatment services and other treatment services currently used by adult drug courts and to identify significant issues faced by adult drug courts in obtaining and delivering high quality comprehensive treatment services surveys were distributed to 263 operating adult drug courts and 212 courts 81 responded the results of this national survey show clearly that treatment services designed for and used by drug courts comport with scientifically established principles of treatment effectiveness charts and tables

i've done them all and i'm not talking about stage screen and television i stopped taking drugs in the 1970s and stopped smoking in the 1980s i ceased drinking in the 1990s when i needed a liver transplant and my doctors told me they wouldn't do it if i continued drinking so i stopped got the transplant and became a friend of bill w stopping was the best thing i ever did second to marrying maj my substance abuse started like most people's in high school through peer pressure it progressed while i was on the stage and in the air force where alcohol was the drug of choice the problem continued as i worked in motion pictures where the day ended with drinks when i finally made it big in television i was drinking a case of champagne a day i tell myself that i did this because of my insecurities about being at the top but it also tasted good looking back and having read some of the things in this book i realize that i have the addictive personality and the genetic predisposition to be a substance abuser all that was necessary was a situation in which i was near drugs and had peer pressure to get me going

this brief explores trauma informed practices in adult drug courts highlighting the roles of judges attorneys court managers case managers law enforcement treatment providers and alumni it emphasizes the need for all staff to operate from a trauma informed care model prioritizing safety choice collaboration trustworthiness empowerment and cultural considerations drawing on the restorative justice movement this volume addresses the link between trauma and criminal justice involvement noting how incarceration worsens retraumatization and racial inequities implementing tic can transform clients experiences in the justice system this guide includes an overview of tic principles in practice worksheets for creating a trauma informed setting examples of tic application in various roles essential for us drug court professionals this resource provides practical guidance on trauma informed care
