zen and japanese culture is a classic that has influenced generations of readers and played a major role in shaping conceptions of zen

s influence on japanese traditional arts in simple and poetic language daisetz suzuki describes zen and its historical evolution he connects zen to the philosophy of the samurai and subtly portrays the relationship between zen and swordsmanship haiku tea ceremonies and the japanese love of nature suzuki uses anecdotes poetry and illustrations of silk screens calligraphy and architecture the book features an introduction by richard jaffe that acquaints readers with suzuki s life and career and analyzes the book s reception in light of contemporary criticism especially by scholars of japanese buddhism zen and japanese culture is a valuable source for those wishing to understand zen in the context of japanese life and art and remains one of the leading works on the subject

a textbook for students in japanese communication or international studies assuming no previous background in japanese language or culture donahue japanese studies nagoya gakuin u japan first surveys the perceptual barriers to communicating between japan and north america then examines the japanese communication style differences in discourse and images of the japanese in the mass media annotation copyrighted by book news inc portland or

shedding light on a wide range of cross cultural concerns and encounters going far beyond narrow theological specialisation the author argues that any successful process of missiological inculturation demands a serious anthropological consideration of indigenous faith

this book presents an authoritative and illuminating insight into the development and most important characteristics of japanese society and culture approaching the subject from a number of different points of view originally published in 1963

it is inconceivable that fewer than 100 000 japanese willing to work exceedingly long hours at the hardest of tasks for economic success could create an international problem yet at the present time such a problem seems to exist it is the belief of the author that were the average american to know the exact facts of the japanese american situation there would be no problem a full understanding by the public is not at all difficult to arrive at providing the facts and not propaganda are furnished a certain section of the american press has singled out the japanese for vilification abuse and slander for the sole purpose of increasing its circulation by sensational methods we find the people of california constantly harassed by anti japanese propaganda while the rest of the nation looks on expressing only a nominal interest and that more in the skill with which the propagandists have plied their art than in the subject of

their discussion the purpose of the author in the present volume is to present as concisely as possible the history of the diplomatic industrial and social relations between japan and the united states to review the actual conditions in california and to present as fully as possible an account of the various forces and interests vitally concerned with the campaign of propaganda which has been and is now being waged the author is indebted to mcmasters history of the people of the united states harper s encyclopedia of united states history a history of the japanese people by capt f brinkley encyclopedia britannica the japanese association of america and mr k kanzaki introduction

seminar paper from the year 2025 in the subject communications intercultural communication grade 1 2 the fom university of applied sciences hamburg business psychology course intercultural psychology language english abstract this seminar paper introduces an intercultural training program designed for german students planning to complete an internship in japan the aim of this training is to prepare participants for the cultural challenges and unique aspects of japanese society and work culture the focus is on key cultural values such as respect harmony and collectivism as well as adapting to the japanese communication style and hierarchical structures in the workplace the training not only provides theoretical knowledge but also emphasizes practical methods to equip participants with the ability to navigate confidently and respectfully in a culturally unfamiliar environment this paper outlines the theoretical foundations of the training its didactic implementation and a detailed evaluation of the outcomes
