excerpt from a history of otego this little book is the result of the past four summers work in searching old records consulting books and articles that bear upon local history and talking with those who by age or interest are authorities an endeavor has been made by fair search and impartial judgment to bring together data of local interest particularly

such that exist only in men's memory it has been impossible in the time at my disposal to gather all the facts that may be found recorded to name all the occupants or even the first settlers of every farm would be an unprofitable and probably an impossible task moreover it must not be forgotten that many of the early settlers were very transient a few explanations of the text may be needed the terms above and below or upper and lower are used to locate places in reference to the center of the village and do not refer to the river or the creek the facts about the churches have been taken chiefly from hurd's history of otsego county i cannot vouch for the truth of the legends and the stories it has been necessary as well as interesting to gather a great deal of the genealogy of the families of this town this is at the disposal of any one desiring it about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

data excerpted from various early county histories biographies atlases newspapers etc
