beginning college reading textbook

with more than half a million copies in print worldwide and now in this
stunning hardback edition how to read a book is the

classic and definitive guide to reading comprehension for students of literature scholars across disciplines and anyone who just loves to read originally written in 1940 and first published by simon schuster in 1972 how to read a book introduces and elucidates the various levels of reading and how to achieve them in order to gain the most understanding and insight from any book from elementary reading through systematic skimming and inspectional reading to speed reading and beyond readers will learn when and how to judge a book by its cover perceive structure no matter the prose read critically and extract an author s message from any text also included are specific reading techniques that work best for particular genres whether they be practical books imaginative literature plays poetry history science and mathematics philosophy or social science works a recommended reading list and multiple reading comprehension tests are incorporated as well in order to measure progress in reading skills speed and understanding as poignant and applicable today as it was on first publication this beautiful special hardcover edition is the perfect way for new readers to pick up how to read a book and for dedicated fans to rediscover this rare phenomenon the best and most successful guide to reading comprehension

reading keys 3rd edition the first in a three book reading series by laraine flemming offers a comprehensive introduction to reading skills and strategies from using context clues to identifying purpose and bias clear accessible explanations present reading concepts without oversimplifying the process of reading comprehension to ensure students understanding reading keys or summaries follow the explanations breaking them down into manageable chunks throughout each chapter a variety of steadily more difficult exercises assess students understanding of the material and promote improved comprehension and critical thinking skills this incremental approach to instruction and assessment makes it easier for beginning readers to absorb and master new information the third edition of this text offers even more engaging readings laraine flemming s signature as well as a focus on study skills a new vocabulary feature and a revised final chapter from comprehension to critical reading a complete technology package including online homework and practice and a package of powerpoint slides and tests for the instructor provides students with dynamic learning opportunities and instructors with enhanced teaching options important notice media content referenced within the product description or the product text may not be available in the ebook version

reading for thinking 9th edition is filled with high interest and thought provoking readings drawn from textbooks magazines and newspapers its step by step approach helps demonstrate that learning to read critically is only an enlargement of what you ve already learned about comprehension not a distinctly

different skill

the fourth edition of this popular combination text anthology integrates reading and writing skills the approach of read and respond is unique students are assessed for comprehension through summary writing rather than objective testing after summarizing an article students write a personal response because the summary and personal response are written in the students own words the instructor gains valuable insight into their vocabulary and writing ability as a result students develop proficiency in reading writing and critical thinking the new edition retains the best features of the previous editions it integrates reading and writing offers step by step progression includes models exercises and activities in each chapter and provides additional readings for practice new features include the following a new improved two color format plus overview maps of each chapter a new introductory chapter discussing the reading process and main types of reading tasks a new chapter offering a wide variety of methods to improve both general and specialized vocabulary the addition of content area readings and or excerpts from a college textbook in every chapter new articles for student reading practice in a new chapter entitled additional readings an increased emphasis and clarification of student goals outcomes and benefits the addition of self check review questions at the end of each chapter to help students review key concepts and consider personal applications of those concepts the fourth edition is complemented by a revised instructor s manual which provides an answer key for all activities proposed syllabi for a quarter and for a semester as well as teaching suggestions and strategies

incorporating a wealth of practice exercises and high interest readings reading for thinking focuses on improving reading skills at the micro level and moving on to the macro level over half of the book is devoted to evaluating drawing inferences and identifying tone bias and purpose the seventh edition continues to focus on developing students comprehension and critical thinking skills flemming uses a carefully designed sequence of explanations and exercises that allows students to approach critical reading as a natural extension of essential comprehension skills rather than a discrete set of new strategies armed with the ability to both analyze and evaluate a writer s work students apply those twin intellectual tools to flemming s trademark high interest readings to determine purpose analyze evidence detect bias recognize tone and compare opposing points of view vocabulary quizzes have been added to each chapter important notice media content referenced within the product description or the product text may not be available in the ebook version

reading textbook series organized by thematic units utilizes

award winning unabridged trade book literature to teach reading and language arts competency to students grades k 5

compelling readings innovative writing assignments research based explanations and exercises reading for results 13th edition includes all the trademark features you ve come to expect from this leader in developmental reading instruction known for her ability to turn abstract reading theory into concrete reading practice laraine flemming is back with a host of new explanations exercises and assignments that show students how to read and respond to textbook reading this edition features brand new pointers on screen reading numerous new writing assignments expanded instruction on interpreting visual aids more emphasis on a multi sensory approach to learning increased focus on evaluating web information and much more important notice media content referenced within the product description or the product text may not be available in the ebook version
